Claiborne Hydroelectric, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On May 30, 2025, Claiborne Hydroelectric, LLC, filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of hydropower project to be located at the U.S. Army Corps of Engineers' (Corps) Claiborne Lock and Dam, on Alabama River, near City of Franklin, Monroe County, Alabama. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed Claiborne lock and dam Hydroelectric Project would consist of the following: (1) a 98-foot-wide, 50-foot-long armored intake structure; (2) a 98-foot-wide, 187-foot-long reinforced concrete powerhouse, located downstream of the western abutment of the Corps' dam, hosting two identical 9.95 MW turbine generators;

(3) a 100-foot-long, 98-foot-wide armored tailrace that would direct flow to the river downstream of the dam; and (4) a 4.5 mile-long, 230 kilovolt transmission line. The proposed project would have an estimated annual generation of 139.5 gigawatt-hours.

[EPA–HQ–OPP–2024–0093; FRL–12575–01–OCSPP]

Cancellation Order for Certain Pesticide Registrations and/or Amendments To Terminate Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations and/or amendments to terminate uses, voluntarily requested by the registrants and accepted by the Agency, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a December 17, 2024, **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 3 of Unit II to voluntarily cancel and/or amend to terminate uses of all these product registrations. In the December 17, 2024, notice, EPA indicated that it would issue an order implementing the cancellations and/or amendments to terminate uses, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency received one anonymous comment on the notice, but it did not merit its further review of the requests. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations and/or amendments to terminate uses. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations and/or amendments are effective July 2, 2025.
