

identifying the challenges associated with pharmacogenomics product development and integration into clinical and public health practice. It presents information and recommendations in three major areas: (1) Issues associated with research and development; (2) "gatekeepers," *i.e.*, those who have major roles in directing the course of pharmacogenomic technologies; and (3) implementation of pharmacogenomics to improve outcomes in clinical practice.

SACGHS is requesting comments on all aspects of the draft report and recommendations. In particular, the Committee would welcome feedback on the following questions:

- Are the discussions of topics and issues accurate and complete?
- Have any significant opportunities, challenges, or other issues been missed?
- Does the report adequately describe the range of perspectives on the issues discussed in the report?
- Are the draft recommendations specific enough?
- Are there other strategies for addressing the issues?
- Which draft recommendations should be of highest priority for the Federal Government to address?
- Appendix A of the report identifies major pharmacogenomics activities in the public and private sector. Are there other relevant initiatives that should be included in the list?

Comments received by June 1, 2007, will be considered by SACGHS in preparing the final report. The draft report and the public comments will be discussed at a future SACGHS meeting.

Comments also will be available for public inspection at the Office of Biotechnology Activities, Monday through Friday, between the hours of 9 a.m. and 5 p.m.

Dated: March 22, 2007.

Public Comment on the Proposed Adoption of ANA Program Policies and Procedures; Correction

AGENCY: Administration for Native Americans (ANA)

ACTION: Notice.

SUMMARY: Pursuant to section 814 of the Native American Programs Act of 1974 (the Act) 42 U.S.C. 2992b-1, ANA herein describes its proposed interpretive rules, statements of general policy and rules of agency procedure or practice in relation to the Social and Economic Development Strategies (hereinafter referred to as SEDS), Native Language Preservation and Maintenance (hereinafter referred to as Native Language), Environmental Regulatory Enhancement (hereinafter referred to as Environmental), Environmental Mitigation (hereinafter referred to as Mitigation), Improving the Well-Being of Children—Native American Healthy Marriage Initiative (hereinafter referred to as Healthy Marriage) programs and any Special Initiatives. Under the

statute, ANA is required to provide members of the public an opportunity to comment on proposed changes in interpretive rules, statements of general policy and rules of agency procedure or practice and to give notice of the final adoption of such changes at least thirty (30) days before the changes become effective. This Notice also provides additional information about ANA's plan for administering the programs.

On July 18, 2005, ANA published a Notice of Public Comment (NOPC) in the **Federal Register** (Vol. 70, No. 136) announcing an administrative policy change on the number of awards an eligible applicant could receive under the SEDS program, Catalog of Federal Domestic Assistance number 93.612. This change only affected the Healthy Marriage program. On November 21, 2006, ANA published the annual NOPC in the **Federal Register** (Vol. 71, No. 224), which did not include a necessary correction to the revised administrative policy published on July 18, 2005. On December 22, 2006, ANA published a third **Federal Register** notice (Vol. 71, No. 246) to clarify the revised administrative policy published on July 18, 2005, on the number of awards an eligible applicant could receive under the SEDS program, Catalog of Federal Domestic Assistance number 93.612. ANA received three responses to the December 22, 2006, NOPC clarification. After review and consideration of the comments received, ANA determined that the administrative policy originally published on July 18, 2005, required clarification and revision. This Notice clarifies the agency's intent and provides a definitive statement on the number of awards an eligible applicant can receive under the Catalog of Federal Domestic Assistance number 93.612.

Additional Information: The following statement corrects previous notices:

VI. ANA Administrative Policy Change

In the July 18, 2005, **Federal Register** (Vol. 70, No. 136), ANA made an administrative policy change that eligible applicants applying for funding under ANA's healthy marriage special initiative under Catalog of Federal Domestic Assistance number 93.612, would not be held to the long-standing ANA policy: "An applicant can have only one active Social and Economic Development Strategies (SEDS) grant operating at any given time."

On December 22, 2006, ANA published notice that ANA was clarifying its policy pertaining to
