SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Trusted Capital Digital Marketplace Application; OMB Control Number 0704–0596.

Needs and Uses: Per the authority vested in the Secretary of Defense (SECDEF) by Section 1711 of the National Defense Authorization Act of 2018, the OUSD(A&S) proposed a “Trusted Capital” initiative in the form of a public-private partnership designed to convene trusted sources of private capital with innovative companies critical to the defense industrial base (DIB) and national security. The initiative included the establishment of a Trusted Capital Digital Marketplace (TCDM) to facilitate business relationships between eligible investors

(“Capital Providers”) and eligible small and medium-sized businesses that have been “down-selected” by Department of Defense (DoD) Components based on relevancy, technical merit, business viability, or innovativeness (“Capability Providers”). The COVID-19 pandemic highlighted the criticality of the security and resiliency of defense supply chains. The Federal emergency enabled DoD to accelerate initiatives to identify constraints and risks in our supply chains that were initially identified in the Executive Order (E.O.) 13806 report, which was published in 2018. One of the risk archetypes identified in the report is foreign dependency on capital and supply chains. The OUSD(A&S) Trusted Capital program offers critical technology companies an alternative to adversarial capital. To accomplish this important national security mission the Trusted Capital program must gather data required to conduct national security and supply chain due-diligence to prioritize “trusted” sources of commercial capital. Information collected will be used in determining an applicant’s eligibility for TCDM participation. Parties complete an electronic application and are subjected to a due diligence screening process to assess for adversarial foreign ownership, influence, or control—as well as other national security risks. In the event additional information is necessary to process an application, additional inquiries may be sent to the applicant. Applicants that receive a favorable due diligence screening adjudication by OUSD(A&S) are approved for TCDM participation. In addition to initial application requirements, participants will be subject to continuous reporting obligations.

Affected Public: Business or other for-profit.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: COVID-19 Vaccine Screening and Immunization Documentation; DHA Form 207; OMB Control Number 0720-0068.

Needs and Uses: The Defense Health Agency (DHA) created the DHA Form 207, “COVID-19 Vaccine Screening and Immunization Documentation,” to determine if the COVID-19 vaccine can be administered to a patient. The DHA Form 207 is used to determine and document patient eligibility and vaccine declinations for a COVID-19 vaccination. Respondents include Active Duty military members, Federal employees, beneficiaries, and contractors (based on their employment) who wish to receive the vaccine. On 2 November 2021, the Centers for Disease Control Advisory Committee on Immunization Practices approved the clinical recommendations for the use of select COVID-19 vaccines for pediatric ages 5–11 years. The DHA Form 236 is used to determine pediatric patient clinical eligibility for receipt of a COVID-19 vaccination. Respondents are DoD beneficiaries parents or guardians of children receiving a vaccination. The process for completing this form is the identical to the DHA Form 207.
