ENVIRONMENTAL PROTECTION AGENCY

[EPA–R05–OAR–2021–0451; FRL–9166–01–R5]

Air Plan Approval; Michigan and Wisconsin; Finding of Failure To Attain the 2010 Sulfur Dioxide Primary National Ambient Air Quality Standard for the Detroit and Rhinelander Nonattainment Areas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to determine that the Detroit and Rhinelander sulfur dioxide (SO₂) nonattainment areas failed to attain the 2010 primary 1-hour SO₂ national ambient air quality standard (NAAQS or “standard”) by the applicable attainment date of October 4, 2018. This proposed determination is based upon air quality modeling using actual and allowable emissions for the Detroit area and monitored air quality data from January 2015 to December

2017 for the Rhinelander area. If EPA finalizes these determinations as proposed, within one year after EPA publishes a final rule the States of Michigan and Wisconsin will be required to submit revisions to their State Implementation Plans (SIPs) that, among other elements, provide for expeditious attainment of the 2010 SO₂ standard. However, for the Rhinelander area, if EPA approves the recent revised SIP submission submitted by the State of Wisconsin, EPA is proposing to treat that submission as satisfying the requirement to submit revisions to the SIP to address the failure to timely attain the 2010 SO₂ NAAQS.

DATES: Comments must be received on or before November 26, 2021.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R05–OAR–2021–0451 at <https://www.regulations.gov>, or via email to blakley.pamela@epa.gov. For comments submitted at *Regulations.gov*, follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. For either manner of submission, EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section.
