The bridge will operate under normal operating schedule at all other times. Emergency openings cannot be provided. There are no alternate routes for vessels transiting this section of the York River. The York River is used by a variety of vessels including military, tugs, and recreational vessels. The Coast Guard has carefully coordinated the restrictions with these waterway users.

Vessels able to pass under the bridge in the closed position may do so at anytime and are advised to proceed with caution. The bridge will not be able to open for emergencies and there is no immediate alternate route for vessels to pass transiting this section of the York River but vessels may pass before 7 a.m. and after 5 p.m. The Coast Guard will also inform additional waterway users through our Local and Broadcast Notices to Mariners of the closure periods for the bridge so that vessels can arrange their transits to minimize any impacts caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
