SUPPLEMENTARY INFORMATION: Section 222 of the Public Health Service Act, as amended, grants to the Secretary of the Department of Health and Human Services (the Secretary) the authority to establish an advisory panel if the Secretary finds the panel necessary and

in the public interest. The Secretary signed the charter establishing this Panel on January 21, 1999 and the charter renewing the Panel on January 18, 2003. The Advisory Panel on Medicare Education advises the Department of Health and Human Services and the Centers for Medicare & Medicaid Services on opportunities to enhance the effectiveness of consumer education materials serving the Medicare program.

The goals of the Panel are to provide advice on the following:

- Developing and implementing a national Medicare education program that describes the options for selecting health plans and prescription drug benefits under Medicare.
- Enhancing the Federal government's effectiveness in informing the Medicare consumer, including the appropriate use of public-private partnerships.
- Expanding outreach to vulnerable and underserved communities, including racial and ethnic minorities, in the context of a national Medicare education program.
- Assembling an information base of best practices for helping consumers evaluate health plan options and building a community infrastructure for information, counseling, and assistance.

The Panel must consist of a maximum of 20 members. The Chair must either be appointed from among the 20 members, or a Federal official will be designated to serve as the Chair. The charter requires that meetings must be held approximately four times per year. Members will be expected to attend all meetings. The members and the Chair must be selected from authorities knowledgeable in the fields of senior citizen advocacy; outreach to minority communities; health communications; disease-related health advocacy; disability policy and access; health economics research; health insurers and plans; providers and clinicians; and matters of labor and retirement; and from representatives of the general public.

This notice is an invitation to interested organizations or individuals to submit their nominations for membership on the Panel. Current members whose terms expire in 2004 will be considered for reappointment, if renominated, subject to committee service guidelines. The Secretary, or his designee, will appoint new members to the Panel from among those candidates determined to have the expertise required to meet specific agency needs, and in a manner to ensure an appropriate balance of membership.
