II .....	Trade Agreements Thresholds .....	2023–012	Jackson.

**SUPPLEMENTARY INFORMATION:**

Summaries for each FAR rule follow. For the actual revisions and/or amendments made by these FAR rules, refer to the specific item numbers and subjects set forth in the documents following these summaries. FAC 2024–03 amends the FAR as follows:

**Item I—Certification of Service-Disabled Veteran-Owned Small Businesses (FAR Case 2022–009)**

This interim rule amends the Federal Acquisition Regulation to implement the Governmentwide certification requirement for service-disabled veteran-owned small business (SDVOSB) concerns seeking sole-source and set-aside awards under the SDVOSB Program. Beginning January 1, 2024, SDVOSB concerns must either be certified by the Small Business Administration (SBA), or have both submitted an application for certification to SBA on or before December 31, 2023, and represented that it is an SDVOSB in the System for Award Management (SAM), in order to be eligible for sole-source or set-aside awards under the SDVOSB Program. This rule also requires that an SDVOSB concern update its status in the System for Award Management no later than two days after the date of a final determination that the concern does not meet the requirements of the status the concern claims to hold, and provides new SDVOSB protest and appeal procedures. The interim rule will not have a significant economic impact on a substantial number of small entities because the rule simply implements the

requirements of SBA’s regulations and does not impose any additional compliance burden on entities.

**Item II—Trade Agreements Thresholds (FAR Case 2023–012)**

This final rule amends the FAR to adjust the thresholds for application of the World Trade Organization Government Procurement Agreement and the Free Trade Agreements as determined by the United States Trade Representative, according to predetermined formulae under the agreements.
