

I. Abstract

The NASA Ames Research Center, Human Systems Integration Division, manages voluntary safety reporting systems to collect and share safety information including, but not limited to, the NASA Aviation Safety Reporting System (ASRS) and the Confidential Close Call Reporting System (C3RS). Both systems are voluntary reporting systems for the reporting of safety incidents, events, or situations. Respondents include, but are not limited to, any participant involved in safety-critical domains such as aviation or railway operations including commercial and general aviation pilots, drone operators, air traffic controllers, flight attendants, ground crews, maintenance technicians, dispatchers, train engineers, conductors, and other members of the public.

The collected safety data are used by NASA, Federal Aviation Administration (FAA), Federal Railroad Administration (FRA), and other organizations that are engaged in research and the promotion of safety. The data are used to (1) Identify deficiencies and discrepancies so that these can be remedied by appropriate authorities, (2) Support policy formulation and planning for improvements and, (3) Strengthen the foundation of human factors safety research. Respondents are not reimbursed for associated cost to provide the information. Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

II. Methods of Collection

NASA collects this information electronically and that is the preferred manner, however information may also be collected via mail.

III. Data

Title: NASA Aviation Safety Reporting System (ASRS) and Related Voluntary Safety Reporting Systems.

OMB Number: 2700-0172.

Type of review: Renewal of a previously approved collection.

Affected Public: Individuals.

Estimated Annual Number of Activities: 100,000.

Estimated Number of Respondents per Activity: 1.

Annual Responses: 100,000.

Estimated Time per Response: 30 minutes.

Estimated Total Annual Burden Hours: 50,000 hours.

Estimated Total Annual Cost: \$3,880,000.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Lori Parker,

NASA PRA Clearance Officer.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (22-058)]

NASA Heliophysics Advisory Committee; Space Weather Council; Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, the National Aeronautics and Space Administration (NASA) announces a meeting of the Space Weather Council. The Space Weather Council is a subcommittee of the NASA Heliophysics Advisory Committee. The Committee functions in an advisory capacity to the Director, Heliophysics Division, in the NASA Science Mission Directorate. The meeting will be held for the purpose of soliciting, from the science community and other persons, scientific and technical information relevant to program planning.

DATES: Wednesday, August 24, 2022, 10:00 a.m. to 5:00 p.m., Eastern Time.

ADDRESSES: The public meeting will be conducted virtually.

FOR FURTHER INFORMATION CONTACT: Mrs. KarShelia Kinard, Science Mission Directorate, NASA Headquarters, Washington, DC 20546, (202) 358-2355, or karshelia.kinard@nasa.gov.

SUPPLEMENTARY INFORMATION: This meeting will be available telephonically and via WebEx. You must use a touch-tone phone to participate in this meeting. Any interested person may dial the USA toll free conference call number 1-800-369-1157 or toll number 1-630-395-0108, participant code 8005198, August 24, to participate in this meeting by telephone. The WebEx link is <https://nasa.webex.com/>; the meeting number is 2762 251 4910; the password is Ht4JZM8tn\$2 (case sensitive).

The agenda for the meeting includes the following topics:

- The role of the Space Weather Council relative to other government advisory groups
- Space weather research gaps
- Opportunities for interagency collaboration

Patricia Rausch,

Advisory Committee Management Officer, National Aeronautics and Space Administration.
