Title: State Water Resources Research Institute Program Annual Application and Reporting.

OMB Control Number: 1028–0097.

Type of Request: Notice of an extension of a currently approved information collection.

Respondent Obligation: Required to obtain or retain benefits.

Abstract

The Water Resources Research Act of 1984, as amended (42 U.S.C. 10301 et seq.), authorizes a water resources research institute or center in each of the 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, the Federated States of Micronesia, the Commonwealth of the Northern Mariana Islands, and American Samoa. There are currently 54 such institutes, one in each state, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, and Guam. The institute in Guam is a regional institute serving Guam, the Federated States of Micronesia, and the Commonwealth of the Northern Mariana Islands. Each of the 54 institutes submits an annual application for an allotment grant and provides an annual report on its activities under the grant. The State Water Resources Research Institute Program issues an annual call for applications from the institutes to support plans to promote research, training, information dissemination, and other activities meeting the needs of the States and Nation. The program also encourages regional cooperation among institutes in research into areas of water management, development, and conservation that have a regional or national character.

The U.S. Geological Survey has been designated as the administrator of the provisions of the Act.

Frequency of Collection: Annually.

Estimated Number and Description of

Respondents: We expect to receive 54 applications and 54 annual reports.

Estimated Annual Responses: 108.

Estimated Annual Burden Hours: 8,640 (including 100 hours per application and 60 hours per report).

Estimated Reporting and Recordkeeping “Non-Hour Cost” Burden: There is no non-hour cost burden associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, et seq.) provides that an agency may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

Comments: To comply with the public consultation process, on April 18, 2013, we published a **Federal Register** notice (78 FR 2422) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day public comment period, which ended June 19, 2013. We did not receive any comments in response to that notice. We again invite comments concerning this information collection on: (a) Whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) how to enhance the quality, usefulness, and clarity of the information to be collected; and (d) how to minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Notice of Availability of the Draft Rob Jagers Camping Area Business Plan and Expanded Amenity Fee Schedule for the Fort Stanton/Snowy River National Conservation Area, New Mexico

ACTION: Notice.

SUMMARY: In accordance with the Federal Lands Recreation Enhancement Act (REA), the Bureau of Land Management (BLM), Roswell Field Office, has prepared and is making available to the public the Draft Rob Jagers Camping Area Business Plan and Expanded Amenity Fee Schedule. The Rob Jagers Camping Area is located in the Fort Stanton/Snowy River National Conservation Area, NM. The Act authorizes the BLM to charge fees at developed recreation sites that meet certain criteria.

DATES: To ensure that comments will be considered, the BLM must receive written comments on the Draft Business Plan by December 15, 2013.

ADDRESSES: Copies of the Draft Rob Jagers Camping Area Business Plan are available at the BLM Pecos District Office, 2909 W 2nd St., Roswell NM 88201 or online at: www.blm.gov/nm/roswell. SUPPLEMENTARY INFORMATION: The Roswell Field Office (Field Office) has proposed an expanded amenity fee schedule for services at the Rob Jagers Camping Area located at the Fort Stanton/Snowy River National Conservation Area. The REA requires

that an expanded amenity fee be considered by a Recreation Resource Advisory Council (RAC). The Roswell Field Office has complied with the REA by presenting the Business Plan to the Pecos District RAC for consideration. The final Business Plan decision process will be made after the six month public comment period. Section 3(g) of REA provides for levy of an "expanded amenity recreation fee" at developed campgrounds characterized by nine standards of available facilities. Having all nine required amenities, the Rob Jaggers Camping Area meets the Congressional criteria for an expanded amenity fee site. While overnight camping would remain free of charge, the use of the amenities at the campground would be available for an expanded amenity fee. The proposed fees are for electric hookup, water hookup, reservation of the group shelter for exclusive use, and use of the dump station. The collected fees would be used for onsite maintenance, improvements, and incidental expenses associated with the volunteer program, such as meals and transportation to and from the worksite. Possible improvements include additional water and electrical stations, fire rings, picnic tables, restrooms, cook grills, and equestrian facilities. The amenity fees are scheduled to be implemented after the December 15, 2013, deadline for public comment.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
