

governments will automatically be placed on the annual inquiry service list in the years that follow.”<sup>15</sup>

Accordingly, as stated above, the petitioners and the Government of China should submit their initial entry of appearance after publication of this notice in order to appear in the first annual inquiry service list for these orders. Pursuant to 19 CFR 351.225(n)(3), the petitioners and the Government of China will not need to resubmit their entry of appearance each year to continue to be included on the annual inquiry service list. However, the petitioners and the Government of China are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.

#### Appendix

##### Scope of the Orders

The merchandise covered by the orders is disposable aluminum containers, pans, trays, and lids produced primarily from flat-rolled aluminum. The subject merchandise includes disposable aluminum containers, pans, trays, and lids regardless of shape or size and whether or not wrinkled or smooth.

The term “disposable” is used to identify an aluminum article that is designed to be used once, or for a limited number of times, and then recycled or otherwise disposed.

“Containers, pans, and “trays” are receptacles for holding goods.

The subject disposable aluminum lids are intended to be used in combination with disposable containers produced from aluminum or other materials (e.g., paper or plastic). Where a disposable aluminum lid is imported with a non-aluminum container, only the disposable aluminum lid is included in the scope.

Disposable aluminum containers, pans, trays, and lids are also included within the scope regardless of whether the surface has been embossed, printed, coated (including

with a non-stick substance), or decorated, and regardless of the style of the edges. The inclusion of a nonaluminum lid or dome sold or packaged with an otherwise in-scope article does not remove the article from the scope, however, only the disposable aluminum container, pan, tray, and lid is covered by the scope definition.

Disposable aluminum containers, pans, trays, and lids are typically used in food-related applications, including but not limited to food preparation, packaging, baking, barbecuing, reheating, takeout, or storage, but also have other uses. Regardless of end use, disposable aluminum containers, pans, trays, and lids that meet the scope definition and are not otherwise excluded are subject merchandise.

Excluded from the scope are disposable aluminum casks, drums, cans, boxes and similar containers (including disposable aluminum cups and bottles) properly classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 7612.90. However, aluminum containers, pans, trays, and lids that would otherwise be covered by the scope are not excluded based solely on the fact that they are being classified under HTSUS subheading 7612.90.5000 due to the thickness of aluminum being less than 0.04 mm or greater than 0.22 mm.

The flat-rolled aluminum used to produce the subject articles may be made to ASTM specifications ASTM B479 or ASTM B209–14 but can also be made to other specifications. Regardless of the specification, however, all disposable aluminum containers, pans, trays, and lids meeting the scope description are included in the scope.

Disposable aluminum containers, pans, trays, and lids are currently classifiable under HTSUS subheading 7615.10.7125. Further, merchandise that falls within the scope of this proceeding may also be entered into the United States under HTSUS subheadings 7612.90.1090, 7615.10.3015, 7615.10.3025, 7615.10.7130, 7615.10.7155, 7615.10.7180, 7615.10.9100, and 8309.90.0000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of these orders is dispositive.

**SUPPLEMENTARY INFORMATION:**

*Title:* Regulations Establishing and Governing the Duties of Swap Dealers and Major Swap Participants (OMB Control No. 3038-0084). This is a request for an extension of a currently approved information collection.

*Abstract:* On April 3, 2012,<sup>2</sup> the Commission adopted Commission regulations 23.600 (Risk Management Program for Swap Dealers and Major Swap Participants), 23.601 (Monitoring of Position Limits), 23.602 (Diligent Supervision), 23.603 (Business Continuity and Disaster Recovery), 23.606 (General Information: Availability for Disclosure and Inspection), and 23.607 (Antitrust Considerations)<sup>3</sup> pursuant to section 4s(j)<sup>4</sup> of the Commodity Exchange Act (“CEA”). The above regulations adopted by the Commission require, among other things, swap dealers (“SD”)<sup>5</sup> and major swap participants (“MSP”)<sup>6</sup> to: (1) develop robust and professional risk management systems (including a plan for business continuity and disaster recovery and policies and procedures designed to ensure compliance with applicable position limits) adequate for managing the day-to-day business of the SD or MSP; (2) monitor its trading in swaps to prevent violations of applicable position limits; (3) disclose to the Commission and to the prudential regulator for the SD or MSP, as applicable, information concerning (A) terms and condition of its swaps, (B) swap trading operations, mechanisms,

and practices, (C) financial integrity protections relating to swaps, and (D) other information relevant to its trading in swaps; and (4) establish and enforce internal systems and procedures to obtain any necessary information needed to perform their duties and to provide such information to the Commission and any applicable prudential regulator. The Commission believes that the information collection obligations imposed by the above regulations are essential to ensuring that SDs and MSPs maintain adequate and effective risk management.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.<sup>7</sup> On February 4, 2025, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 90 FR 9075 (“60-Day Notice”). The Commission did not receive any relevant comments on the 60-Day Notice.

*Burden Statement:* The Commission is revising its burden estimate for this collection to reflect the current number of respondents and the current number of estimated burden hours.<sup>8</sup> The respondent burden for this collection is estimated to be as follows:

*Estimated Number of Respondents:* 106.

*Estimated Average Burden Hours per Respondent:* 1,149.5 hours.

*Estimated Total Annual Burden Hours:* 121,847 hours.

*Frequency of Collection:* As applicable.

There are no capital costs or operating and maintenance costs associated with this collection.

**Agency Information Collection Activities: Notice of Intent To Extend Collection 3038-0052: Core Principles & Other Requirements for Designated Contract Markets**

**AGENCY:** Commodity Futures Trading Commission.

**ACTION:** Notice.

**SUMMARY:** The Commodity Futures Trading Commission (“Commission” or “CFTC”) is announcing an opportunity for public comment on the proposed renewal of a collection of certain information by the agency. Under the Paperwork Reduction Act (“PRA”), Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment. This notice solicits comments on reporting requirements relating to collections of information related to designated contract markets (“DCMs”) under the Commission’s regulations.

**DATES:** Comments must be submitted on or before July 7, 2025.

**ADDRESSES:** You may submit comments, identified by “OMB Control No. 3038-0052” by any of the following methods:
