Utility Scale Wind Towers From Indonesia: Final Results of Antidumping Duty Administrative Review; 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that PT. Kenertec Power System (Kenertec) made sales of subject merchandise at less than normal value during the period of review (POR), August 1, 2021, through July 31, 2022.

DATES: Applicable March 11, 2024.

FOR FURTHER INFORMATION CONTACT: Amaris Wade, AD/CVD Operations,

Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–6334.

SUPPLEMENTARY INFORMATION:

Background

On September 7, 2023, Commerce published in the **Federal Register** the *Preliminary Results* of the 2021–2022 administrative review¹ of the antidumping duty order on utility scale wind towers from Indonesia.² This review covers one producer/exporter of the subject merchandise, Kenertec. We invited interested parties to comment on the *Preliminary Results*.³ On October 10, 2023, we received case briefs from Kenertec and the Wind Tower Trade Coalition (*i.e.*, the petitioner).⁴ On October 24, 2023, we received rebuttal briefs from Kenertec and the petitioner.⁵ On December 26, 2023, Commerce extended the deadline for the final results of review until March 5, 2024.⁶ For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁷ Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the *Order* is certain wind towers, whether or not tapered, and sections thereof, from Indonesia. Merchandise covered by these orders is currently classified in the Harmonized Tariff Schedule of the

United States (HTSUS) under subheading 7308.20.0020 or 8502.31.0000. Wind towers of iron or steel are classified under HTSUS 7308.20.0020 when imported separately as a tower or tower section(s). Wind towers may be classified under HTSUS 8502.31.0000 when imported as combination goods with a wind turbine (*i.e.*, accompanying nacelles and/or rotor blades). While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of these orders is dispositive.⁸

Analysis of Comments Received

All issues raised in case and rebuttal briefs by interested parties in this administrative review are addressed in the Issues and Decision Memorandum and are listed in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding the *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, we made certain changes to the weighted-average dumping margin calculation for Kenertec for the final results of review.⁹

Final Results of the Review

As a result of this review, we determine the following weighted-average dumping margin exists for the period August 1, 2021, through July 31, 2022:

Exporter or producer	Weighted-average dumping margin (percent)
PT. Kenertec Power System	1.78

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to

interested parties within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those sales. Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is *de minimis* (*i.e.*, less than 0.5 percent), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries of subject merchandise during the POR produced by Kenertec for which it did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate established in the less-than-fair-value (LTFV) investigation of 8.53 percent *ad valorem*,¹⁰ if there is no rate for the intermediate company(ies) involved in the transaction.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Upon publication of this notice in the **Federal Register**, the following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as

provided by section 751(a)(2) of the Act: (1) the cash deposit rate for the company subject to this review will be equal to the weighted-average dumping margin established in these final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 8.53 percent, the all-others rate established in the LTFV investigation for this proceeding.¹¹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Melamine From Germany, India, Qatar, and Trinidad and Tobago: Initiation of Countervailing Duty Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable March 5, 2024.

FOR FURTHER INFORMATION CONTACT: Bob Palmer or Faris Montgomery (Germany), Paul Kebker or Dylan Hill (India), Sofia Pedrelli (Qatar), and Colin Thrasher (Trinidad and Tobago), AD/CVD Operations, Offices VIII, IV, II, and V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-9068,

(202) 482-1537, (202) 482-2254, (202) 482-1197, (202) 482-4310, or (202) 482-3004, respectively.

SUPPLEMENTARY INFORMATION:

The Petitions

On February 14, 2024, the U.S. Department of Commerce (Commerce) received countervailing duty (CVD) petitions concerning imports of melamine from Germany, India, Qatar, and Trinidad and Tobago filed in proper form on behalf of Cornerstone Chemical Company (the petitioner).¹ The CVD petitions were accompanied by antidumping duty (AD) petitions concerning imports of melamine from Germany, India, Japan, the Netherlands, Qatar, and Trinidad and Tobago.²

Between February 16 and 20, 2024, Commerce requested supplemental information pertaining to certain aspects of the Petitions.³ Between February 22 and 26, 2024, the petitioner filed timely responses to these requests for additional information.⁴

In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that the Government of Germany (GOG), the Government of India (GOI), the Government of Qatar (GOQ), and the Government of Trinidad and Tobago (GOTT) (collectively, Governments) are providing countervailable subsidies, within the meaning of sections 701 and 771(5) of the Act, to producers of melamine from Germany, India, Qatar, and Trinidad and Tobago, respectively, and that such imports are materially injuring, or threatening material injury to, the domestic industry producing

melamine in the United States. Consistent with section 702(b)(1) of the Act and 19 CFR 351.202(b), for those alleged programs on which we are initiating CVD investigations, the Petitions were accompanied by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petitions on behalf of the domestic industry because the petitioner is an interested party as defined in section 771(9)(C) of the Act. Commerce also finds that the petitioner demonstrated sufficient industry support with respect to the initiation of the requested CVD investigations.⁵

Periods of Investigation

Because the Petitions were filed on February 14, 2024, the periods of investigation (POI) for Germany, India, Qatar, and Trinidad and Tobago are January 1, 2023, through December 31, 2023.⁶

Scope of the Investigations

The merchandise covered by these investigations is melamine from Germany, India, Qatar, and Trinidad and Tobago. For a full description of the scope of these investigations, see the appendix to this notice.

Comments on the Scope of the Investigations

On February 16, 2024, Commerce requested information and clarification from the petitioner regarding the proposed scope to ensure that the scope language in the Petitions is an accurate reflection of the products for which the domestic industry is seeking relief.⁷ On February 22, 2024 the petitioner provided clarifications and revised the scope.⁸ The description of merchandise covered by these investigations, as described in the appendix to this notice, reflects these revisions.

As discussed in the *Preamble* to Commerce's regulations, we are setting aside a period for interested parties to raise issues regarding product coverage (*i.e.*, scope).⁹ Commerce will consider all comments received from interested parties and, if necessary, will consult with interested parties prior to the issuance of the preliminary determinations. If scope comments include factual information, all such factual information should be limited to
