SUPPLEMENTARY INFORMATION:

I. Background

In accordance with section 51.118 of title 10 of the *Code of Federal Regulations*, “Final environmental impact statement—notice of availability,” the NRC is making available to the public, NUREG–1437, Supplement 15, Second Renewal, to the GEIS for License Renewal of Nuclear Plants, Final Report, regarding the subsequent renewal of Renewed Facility Operating License No. NPF–12 for an additional 20 years for V.C. Summer. A notice of availability of the draft SEIS was published in the **Federal Register** on December 6, 2024 (89 FR 97077). The U.S. Environmental Protection Agency (EPA) issued its Notice of Availability on December 6, 2024 (89 FR 96960). The comment period was originally scheduled to close on January 21, 2025. On January 23, 2025, a notice was published in the **Federal Register** reopening the public comment period to

accommodate a rescheduled public meeting and to provide additional time for members of the public to develop and submit comments (90 FR 8056). On January 31, 2025, the EPA issued a notice of extension of the comment period (90 FR 8715). The public comment period on the draft SEIS ended on February 11, 2025, and the comments received on the draft SEIS are addressed in the final SEIS.

II. Discussion

The draft SEIS was issued for public comment on December 6, 2024. The final SEIS addresses the comments received on the draft SEIS. As discussed in Chapter 4 of the final SEIS, the NRC staff has determined that the adverse environmental impacts of subsequent license renewal for V.C. Summer (*i.e.*, the continued operation of V.C. Summer for a period of 20 years beyond the expiration date of the current renewed operating license) are not so great that preserving the option of subsequent license renewal for energy-planning decision-makers would be unreasonable. This recommendation is based on: (1) information provided in the environmental report, as supplemented, and other documents submitted by Dominion Energy South Carolina, Inc.; (2) consultation with Federal, State, Tribal, and local governmental agencies; (3) the NRC staff's independent environmental review; and (4) consideration of public comments received during the scoping process and on the draft SEIS.

Dated: May 13, 2025.

For the Nuclear Regulatory Commission.

John Moses,

Deputy Director, Division of Rulemaking, Environmental, and Financial Support, Office of Nuclear Material Safety, and Safeguards.

PENSION BENEFIT GUARANTY CORPORATION

Submission of Information Collection for OMB Review; Comment Request; Request for Coverage Determination Form

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Notice of request for extension of OMB approval of information collection.

SUMMARY: The Pension Benefit Guaranty Corporation (PBGC) is requesting that the Office of Management and Budget (OMB) extend approval, with modifications, under the Paperwork

Reduction Act, of a collection of information necessary for PBGC to determine whether a plan is covered under title IV of the Employee Retirement Income Security Act of 1974 (ERISA). This notice informs the public of PBGC's request and solicits public comment on the collection of information, as modified.

DATES: Comments must be submitted on or before June 16, 2025 to be assured of consideration.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

All comments received will be posted without charge to PBGC's website, www.pbgc.gov, including any personal information provided. Do not submit comments that include any personally identifiable information or confidential business information.

A copy of the request will be posted on PBGC's website at www.pbgc.gov/prac/laws-and-regulation/federal-register-notices-open-for-comment. It may also be obtained without charge by writing to the Disclosure Division (disclosure@pbgc.gov), Office of the General Counsel, Pension Benefit Guaranty Corporation, 445 12th Street SW, Washington, DC 20024-2101; or, calling 202-229-4040 during normal business hours. If you are deaf or hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services.

FOR FURTHER INFORMATION CONTACT: Monica O'Donnell (odonnell.monica@pbgc.gov), Attorney, Regulatory Affairs Division, Office of the General Counsel, Pension Benefit Guaranty Corporation, 445 12th Street SW, Washington, DC 20024-2101, 202-229-8706. If you are deaf or hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services.

SUPPLEMENTARY INFORMATION: The Pension Benefit Guaranty Corporation (PBGC) is requesting that the Office of Management and Budget (OMB) extend approval, under the Paperwork Reduction Act, of a collection of information that filers use to request that PBGC determine whether a defined benefit pension plan is covered under title IV of the Employee Retirement Income Security Act of 1974 (ERISA) (OMB control number 1212-0072; expires June 30, 2025). This notice informs the public of PBGC's request

and solicits public comment on the collection of information.

A plan is covered under title IV, and thereby insured by PBGC, if it is described in section 4021(a) of ERISA and does not meet one of the exemptions from coverage listed in section 4021(b)(1)–(13). If a question arises about whether a plan is covered under title IV, a plan may submit the Request for Coverage Determination form to PBGC.

The Request for Coverage Determination form and corresponding instructions are suitable for all types of requests, but they highlight the four plan types for which coverage determinations are most frequently requested: (1) church plans as listed in section 4021(b)(3) of ERISA; (2) plans that are established and maintained exclusively for the benefit of plan sponsors' substantial owners as listed in section 4021(b)(9); (3) plans that cover, since September 2, 1974, no more than 25 active participants and that are established and maintained by professional services employers as listed in section 4021(b)(13); and (4) Puerto Rico-based plans within the meaning of section 1022(i)(1) of ERISA. PBGC needs the information requested to determine whether a plan is covered or not covered under title IV of ERISA.

PBGC's pilot program that specifically provided for a prospective plan to request a coverage determination when the plan was proposed but not yet established expired September 30, 2022. PBGC is removing outdated references to the pilot program in question 4 of Part II of the form and instructions. PBGC is also proposing to revise question 3 of Part III of the form, relating to substantial owners plans, to require a list of all the limited liability company's (LLC) members (if the employer sponsor is an LLC) rather than a statement on how the LLC is treated for federal tax purposes for clarity. Lastly, PBGC is proposing editorial changes to question 4 of part III and question 3 of part V to provide greater clarity to filers.

The existing collection of information is approved through June 30, 2025, under OMB control number 1212-0072. On March 10, 2025, PBGC published in the **Federal Register** (90 FR 11632) a notice informing the public of its intent to request an extension of this collection of information. No comments were received. PBGC is requesting that OMB extend approval of the collection for 3 years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
