Kevin Olp, Membership Outreach Coordinator for the NEJAC, U.S. EPA; telephone (202) 564-5423; fax: (202) 564-1624.

SUPPLEMENTARY INFORMATION:

The NEJAC is a federal advisory committee chartered under the Federal Advisory Committee Act (FACA), Public Law 92-463. EPA established the NEJAC in 1993 to provide independent consensus advice to the EPA Administrator about a broad range of environmental issues related to environmental justice. The NEJAC conducts business in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2) and related regulations.

The Council consists of 26 members (including a Chairperson) appointed by EPA's Administrator. Members serve as non-federal stakeholders representing: four (4) from academia, three (3) from business and industry; six (6) from community based organizations; six (6) from non-governmental/environmental organizations; four (4) from state and local governments; and three (3) from tribal governments and indigenous organizations, of which one member serves as a liaison to the National Tribal Caucus. Members are appointed for three (3)-year terms with the possibility of reappointment to a second term.

The NEJAC usually meets face-to-face twice a year, generally in the Spring and the Fall. Additionally, members may be asked to participate in teleconference meetings or serve on Work Groups to develop recommendations, advice letters, and reports to address specific policy issues. The average workload for members is approximately 5 to 8 hours per month. EPA provides reimbursement for travel and other incidental expenses associated with official government business.

Nominations: Any interested person and/or organization may nominate qualified individuals for membership. The EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, the agency encourages nominations of women and men of all racial and ethnic groups. All nominations will be fully considered, but applicants need to be aware of the specific representation sought as outlined in the Summary above. In addition, EPA is seeking nominees with knowledge in community sustainability, public health and health disparities, climate change adaptation, land use and equitable development, environmental sociology and social science, and environmental financing.

Other criteria used to evaluate nominees will include

- The background and experience that would help members contribute to the diversity of perspectives on the committee (e.g., geographic, economic, social, cultural, educational background, professional affiliations, and other considerations)
- Demonstrated experience with environmental justice and community sustainability issues at the national, state, or local level;
- Excellent interpersonal and consensus-building skills
- Ability to volunteer time to attend meetings 2–3 times a year, participate in teleconference meetings, attend listening sessions with the Administrator or other senior-level officials, develop policy recommendations to the Administrator, and prepare reports and advice letters
- Willingness to commit time to the committee and demonstrated ability to work constructively and effectively on committees

How to Submit Nominations: Any interested person or organization may nominate qualified persons to be considered for appointment to this advisory committee. Individuals are encouraged to self-nominate. Nominations can be submitted in electronic format (preferred) following the template available at <http://epa.gov/environmentaljustice/nejac/index.html#Membership>. To be considered, all nominations should include:

- Current contact information for the nominee, including the nominee's name, organization (and position within that organization), current business address, email address, and daytime telephone number.
- Brief Statement describing the nominees interest in serving on the NEJAC
- Résumé and a short biography (no more than 2 paragraphs) describing the professional and educational qualifications of the nominee, including a list of relevant activities, and any current or previous service on advisory committees
- Letter[s] of recommendation from a third party supporting the nomination. Letter[s] should describe how the nominee's experience and knowledge will bring value to the work of the NEJAC.

Other sources, in addition to this **Federal Register** notice, may also be utilized in the solicitation of nominees. To help the EPA in evaluating the effectiveness of its outreach efforts, please tell us how you learned of this opportunity.

Nature and Extent of Confidentiality: There is no need for confidentiality with this information collection.

Needs and Uses: On December 4, 2012, the FCC released a Sixth Report and Order ("Order"), MM Docket No. 99-25, FCC 12-144. In the Order, the FCC revised § 73.853(b) of the Commission's rules ("rules") to permit federally recognized Native American Tribes and Alaska Native Villages ("Tribal Nations") and entities owned or controlled by Native Nations (collectively, "Tribal Nation Applicants") to hold LPFM licenses. The FCC also revised its definition of local to specify that Tribal Nation Applicants are considered local throughout their Tribal lands. We have revised FCC Form 318 to reflect these changes.

In the Order, the FCC also modified its ownership rules. First, the FCC revised its cross-ownership rule to permit cross-ownership of an LPFM station and up to two FM translator stations. Second, the FCC modified its cross-ownership rule to permit Tribal Nation Applicants to seek up to two LPFM construction permits to ensure adequate coverage of tribal lands. We have revised FCC Form 318 to reflect these changes.

The FCC further modified the point system used to select among mutually exclusive LPFM applicants and set forth in § 73.872 of the rules. First, the FCC revised the "established community presence" criterion to extend the "established community presence" standard in rural areas. Under the earlier version of the rule, an LPFM applicant was deemed to have an established community presence if it was physically headquartered or had a campus within ten miles of the proposed LPFM transmitter site, or if 75 percent of its board members resided within ten miles of the proposed LPFM transmitter site. The FCC changed the standard from ten to twenty miles for all LPFM applicants proposing facilities located outside the top fifty urban markets, for both the distance from transmitter and residence of board member standards. Second, the FCC modified the point system to award a point to Tribal Nation Applicants, when they propose to provide LPFM service to

Tribal Nation communities. Third, the FCC established additional points criteria related to maintenance and staffing of a main studio, commitments to locally originate programming and maintain and staff a main studio, and new entry into the broadcasting field. We have revised the Form 318 to reflect these changes to the point system.

The FCC made a number of changes related to time-sharing. It adopted a requirement that parties submit voluntary time-sharing agreements via the Consolidated Database System. It also revised the Commission's involuntary time-sharing policy. As a result of these changes, an LPFM applicant must submit the date on which it qualified as having an "established community presence." The FCC also may require certain LPFM applicants to indicate which 8-hour and 12-hour time slots they prefer. Finally, the FCC adopted a mandatory time-sharing policy similar to that applicable to full-service noncommercial educational FM stations. We have revised the Form 318 to reflect these changes.

Finally, the FCC modified the manner in which it processes requests for waiver of the second-adjacent channel minimum distance separation requirement, amended the rule related to third-adjacent channel interference, and amended the rule that sets forth the obligations of LPFM stations with respect to interference to the input signals of FM translator or FM booster stations. We have revised the Form 318 to reflect these proposed changes.

Federal Communications Commission.

Secretary.
