

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Food and Drug Administration****[Docket No. FDA-2024-N-0008]****Request for Nominations for Voting Members for the Patient Engagement Advisory Committee****AGENCY:** Food and Drug Administration, HHS.**ACTION:** Notice.

SUMMARY: The Food and Drug Administration (FDA or the Agency) is requesting nominations for voting members, excluding consumer and industry representatives, to serve on the Patient Engagement Advisory Committee (the Committee) in the Center for Devices and Radiological Health. Nominations will be accepted for upcoming vacancies effective with this notice. FDA seeks to include the views of members of all gender groups, members of all racial and ethnic groups, and individuals with and without disabilities on its advisory committees and, therefore, encourages nominations of appropriately qualified candidates from these groups.

DATES: Nominations received on or before June 4, 2024, will be given first consideration for membership on the Committee. Nominations received after June 4, 2024, will be considered for nomination to the Committee as later vacancies occur.

ADDRESSES: All nominations for membership should be submitted electronically, by logging into the FDA Advisory Committee Membership Nomination Portal (<https://www.accessdata.fda.gov/scripts/FACTRSportal/FACTRS/index.cfm>) and selecting Academician/Practitioner from the dropdown menu (regardless of whether Academician/Practitioner accurately describes the nominee), or by mail to Advisory Committee Oversight and Management Staff, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 32, Rm. 5103, Silver Spring, MD 20993-0002. Information about becoming a member on an FDA advisory committee can also be obtained by visiting FDA's website at <https://www.fda.gov/AdvisoryCommittees/default.htm>.

FOR FURTHER INFORMATION CONTACT: Letise Williams, Center for Devices and Radiological Health, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 66, Rm. 5407, Silver Spring, MD 20993-0002, 301-796-8398, email: Letise.Williams@fda.hhs.gov.

SUPPLEMENTARY INFORMATION: FDA is requesting nominations for voting members to fill upcoming vacancies on the Patient Engagement Advisory Committee. This notice does not include consumer and industry representative nominations. The Agency will publish two separate notices announcing the vacancy of a representative of consumer interests and vacancy of representatives of interests of the device manufacturing industry.

I. General Description of the Committee Duties

The Committee provides relevant skills and perspectives to improve communication of benefits, risks, and clinical outcomes, and increase integration of patient perspectives into the regulatory process for medical devices. The Committee performs its duties by identifying new approaches, promoting innovation, recognizing unforeseen risks or barriers, and identifying unintended consequences that could result from FDA policy. The Committee provides advice on complex scientific issues related to medical devices, the regulation of devices, and their use by patients. Agency guidance and policies, clinical trial or registry design, patient preference study design, benefit-risk determinations, device labeling, unmet clinical needs, available alternatives, patient-reported outcomes, device-related quality of life measures, or health status issues are among the topics that may be considered by the Committee.

II. Criteria for Voting Members

The Committee consists of a core of nine voting members, including the Chair. Members and the Chair are selected by the Commissioner or designee from among authorities who are knowledgeable in areas such as clinical research, patient or caregiver experience, healthcare needs of patient groups in the United States, or are experienced in the work of patient and health professional organizations, scientific methodologies for patient-reported outcomes and other clinical outcome assessments, scientific methodologies for eliciting patient preferences, and strategies for communicating benefits, risks, and clinical outcomes to patients and research subjects, as well as other relevant areas. Members will be invited to serve for overlapping terms of up to 4 years. Prospective members should also have an understanding of the broad spectrum of patients in a particular disease area. Almost all non-Federal members of this Committee serve as Special Government Employees, with

the exception of the representatives from industry.

III. Nomination Procedures

Any interested person may nominate one or more qualified individuals for membership on the Committee. Self-nominations are also accepted. Nominations must include a cover letter; a current, complete résumé or curriculum vitae for each nominee, including current business and/or home address, telephone number, and email address if available; and a signed copy of the Acknowledgement and Consent form available at the FDA Advisory Nomination Portal (see **ADDRESSES**). Nominations must specify the advisory committee for which the nominee is recommended. Nominations must also acknowledge that the nominee is aware of the nomination unless self-nominated. FDA will ask potential candidates to provide detailed information concerning such matters related to financial holdings, employment, and research grants and/or contracts to permit evaluation of possible sources of conflicts of interest.

This notice is issued under the Federal Advisory Committee Act (5 U.S.C. 1001 *et seq.*) and 21 CFR part 14, relating to advisory committees.

Dated: April 2, 2024.

BILLING CODE 4164-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Food and Drug Administration****[Docket No. FDA-2023-N-5257]****Robert Lance Shuffert: Final Debarment Order****AGENCY:** Food and Drug Administration, HHS.**ACTION:** Notice.

SUMMARY: The Food and Drug Administration (FDA) is issuing an order under the Federal Food, Drug, and Cosmetic Act (FD&C Act) debaring Robert Lance Shuffert for a period of 5 years from importing or offering for import any drug into the United States. FDA bases this order on a finding that Mr. Shuffert was convicted of one felony count under Federal law for, with the intent to defraud and mislead, causing a drug to be misbranded while it was held for sale after shipment in interstate commerce. The factual basis supporting Mr. Shuffert's conviction, as described below, is conduct relating to

the importation into the United States of any drug or controlled substance. Mr. Shuffert was given notice of the proposed debarment and an opportunity to request a hearing to show why he should not be debarred. As of March 4, 2024 (30 days after receipt of the notice), Mr. Shuffert had not responded. Mr. Shuffert's failure to respond and request a hearing constitutes a waiver of his right to a hearing concerning this matter.

DATES: This order is applicable April 5, 2024.

ADDRESSES: Any application by Mr. Shuffert for termination of debarment under section 306(d) of the FD&C Act (21 U.S.C. 335a(d)) may be submitted at any time as follows:

SUPPLEMENTARY INFORMATION:

I. Background

Section 306(b)(1)(D) of the FD&C Act permits FDA to debar a person from importing or offering for import any drug into the United States if FDA finds, as required by section 306(b)(3)(C) of the FD&C Act, that the individual has been convicted of a felony for conduct relating to the importation into the United States of any drug or controlled substance.

On October 26, 2023, Robert Lance Shuffert was convicted as defined in

section 306(l)(1) of the FD&C Act, in the U.S. District Court for the Southern District of Texas when the court accepted his plea of guilty and entered judgment against him for the offense of importing, causing misbranding, and distribution for sale a misbranded drug in violation of 21 U.S.C. 331(k) and 333(a)(2) (sections 301(k) and 303(a)(2) of the FD&C Act). The underlying facts supporting the conviction are as follows:

As contained in the Information from his case, Mr. Shuffert worked for Science Production Products LLC (SPP); although, in SPP's corporate filings with the Texas Secretary of State, he was listed as SPP's owner and operator, and someone else owned SPP and directed Mr. Shuffert's activities. SPP imported, created, marketed, and distributed for sale purported bodybuilding and dietary supplements, including, but not limited to, Selective Androgen Receptor Modulators (SARMs). SARMs are synthetic chemicals designed to mimic the effects of testosterone and other anabolic steroids. At the direction of SPP's owner, Mr. Shuffert operated SPP and SPP manufactured, marketed, and sold a SARM product called Ostarine MK-2866. This product was misbranded because it was labeled as a "Research Product" but was in fact intended to be used by humans as a drug to increase lean muscle mass and lose unwanted fat. Mr. Shuffert worked with others to import SARMs from China. Mr. Shuffert then would use the imported SARMs as components of a drug (Ostarine MK-2866) that he and others caused to become misbranded and then distributed for sale such misbranded drugs in the United States. Mr. Shuffert knowingly took steps to mislead and defraud the Government and consumers in the sale of SARMs, including Ostarine MK-2866.

FDA sent Mr. Shuffert, by certified mail, on January 30, 2024, a notice proposing to debar him for a 5-year period from importing or offering for import any drug into the United States. The proposal was based on FDA's finding under section 306(b)(3)(C) of the FD&C Act that Mr. Shuffert's felony conviction under Federal law for importing, causing misbranding, and distribution for sale a misbranded drug in violation of 21 U.S.C. 331(k) and 333(a)(2), was for conduct relating to the importation of any drug or controlled substance into the United States because Mr. Shuffert illegally imported SARMs from China, which he would use as components of a drug (Ostarine MK-2866) that he caused to become misbranded and then distributed for sale in the United States. Mr. Shuffert

knowingly took steps to mislead and defraud the Government and consumers in the sale of SARMS, including Ostarine MK-2866. In proposing a debarment period, FDA weighed the considerations set forth in section 306(c)(3) of the FD&C Act that it considered applicable to Mr. Shuffert's offense and concluded that the offense warranted the imposition of a 5-year period of debarment.

The proposal informed Mr. Shuffert of the proposed debarment and offered him an opportunity to request a hearing, providing him 30 days from the date of receipt of the letter in which to file the request, and advised him that failure to request a hearing constituted a waiver of the opportunity for a hearing and of any contentions concerning this action. Mr. Shuffert received the proposal and notice of opportunity for a hearing on February 3, 2024. Mr. Shuffert failed to request a hearing within the timeframe prescribed by regulation and has, therefore, waived his opportunity for a hearing and waived any contentions concerning his debarment (21 CFR part 12).

II. Findings and Order

Therefore, the Assistant Commissioner, Office of Human and Animal Food Operations, under section 306(b)(3)(C) of the FD&C Act, under authority delegated to the Assistant Commissioner, finds that Mr. Shuffert has been convicted of a felony under Federal law for conduct relating to the importation into the United States of any drug or controlled substance. FDA finds that the offense should be accorded a debarment period of 5 years as provided by section 306(c)(2)(A)(iii) of the FD&C Act.

As a result of the foregoing finding, Mr. Shuffert is debarred for a period of 5 years from importing or offering for import any drug into the United States, effective (see **DATES**). Pursuant to section 301(cc) of the FD&C Act, the importing or offering for import into the United States of any drug by, with the assistance of, or at the direction of Mr. Shuffert is a prohibited act.

Dated: April 2, 2024.

Associate Commissioner for Policy.
