DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Fiscal Year 2003 Funding Opportunities

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice of Funding Availability for Knowledge Dissemination Conference Grants (Short Title: SAMHSA Conference Grants—PA 03-002).

SUMMARY: The Substance Abuse and Mental Health Services Administration (SAMHSA) Center for Mental Health Services (CMHS), Center for Substance Abuse Prevention (CSAP) and Center for Substance Abuse Treatment (CSAT) announce the availability of Fiscal Year (FY) 2003 funds for grants for the following activity. This notice is not a complete description of the activity; potential applicants must obtain a copy of the Program Announcement (PA), including Part I, Knowledge Dissemination Conference Grants (Short Title: SAMHSA Conference Grants—PA 03-002), and Part II, General Policies and Procedures Applicable to All SAMHSA Applications for Discretionary Grants and Cooperative Agreements, before preparing and submitting an application.

Activity	Application deadline	Est. Funds FY 2003	Est. No. of awards	Project period
Knowledge Dissemination Conference Grants	Jan. 10, 2003 and Sept. 10, 2003 and each Jan. 10 and Sept. 10 thereafter.	\$825,000	20-30	3 years

The actual amount available for the award may vary, depending on unanticipated program requirements and the number and quality of applications received. This program is being announced prior to the annual appropriation for FY 2003 for SAMHSA's programs. Applications are invited based on the assumption that sufficient funds will be appropriated for FY 2003 to permit funding of a reasonable number of applications being hereby solicited. This program is being announced in order to allow applicants sufficient time to plan and prepare applications. Solicitation of applications in advance of a final appropriation will also enable the award of appropriated grant funds in an expeditious manner and thus allow prompt implementation and evaluation of promising practices. All applicants are reminded, however, that we cannot guarantee sufficient funds will be appropriated to permit SAMHSA to fund any applications. This program is authorized under sections 509, 520A and 516 of the Public Health Service Act. SAMHSA's policies and

procedures for peer review and Advisory Council review of grant and cooperative agreement applications were published in the **Federal Register** (Vol. 58, No. 126, page 35962) on July 2, 1993.

GENERAL INSTRUCTIONS: Applicants must use application form PHS 5161-1 (Rev. 7/00). The application kit contains the two-part application materials (complete programmatic guidance and instructions for preparing and submitting applications), the PHS 5161-1 which includes Standard Form 424 (Face Page), and other documentation and forms. Application kits may be obtained from: National Clearinghouse for Alcohol and Drug Information (NCADI), PO Box 2345, Rockville, MD 20847-2345, Telephone: 1-800-729-6686.

The PHS 5161-1 application form and the full text of the activity are also available electronically via SAMHSA's World Wide Web Home Page: <http://www.samhsa.gov>.

When requesting an application kit, the applicant must specify the particular

activity for which detailed information is desired. All information necessary to apply, including where to submit applications and application deadline instructions, are included in the application kit.

Purpose: The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Mental Health Services (CMHS), Center for Substance Abuse Prevention (CSAP) and Center for Substance Abuse Treatment (CSAT) announce the availability of funds for grants to disseminate knowledge about practices within the mental health services and substance abuse prevention and treatment fields and to integrate that knowledge into real-world practice as effectively and efficiently as possible.

Eligibility: Public and domestic private nonprofit organizations, including State and local governments, professional associations, voluntary organizations, self-help groups, consumer and provider services-oriented constituency groups, community based organizations, and faith-based organizations, may apply

under this PA. Individuals are not eligible to receive grant support for a conference.

Potential applicants who are unsure of eligibility should contact the person responsible for program issues listed below.

Availability of Funds: SAMHSA anticipates that approximately \$825,000 (\$500,000 from CSAT, \$250,000 from CMHS and \$75,000 from CSAP) will be available for approximately 20–30 awards in FY 2003. The total funds available and the actual funding levels will depend on the receipt of an appropriation. In this and future years, each Center will contribute a minimum of \$75,000, assuming funding is available.

SAMHSA Centers will provide support for up to 75 percent of the total direct costs of planned meetings and conferences. Grant awards are expected to range from \$25,000 to \$50,000. Indirect costs are not allowed under this program.

Period of Support: Support for only one conference from one Center (CMHS, CSAP or CSAT) may be requested in any application. Only one application per receipt date may be submitted. Support may be requested for up to one year from the date of the award.

Criteria for Review and Funding:
General Review Criteria: Competing applications requesting funding under this activity will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Review criteria that will be used by the peer review groups are specified in the application guidance material.

Award Criteria for Scored Applications: Applications will be considered for funding on the basis of their overall technical merit as determined through the peer review group and the appropriate National Advisory Council review process. Availability of funds will also be an award criteria. Additional award criteria specific to the programmatic activity may be included in the application guidance materials.

For questions regarding substance abuse treatment topics, contact: Kim Plavsic, Center for Substance Abuse Treatment/SAMHSA, 5515 Security Lane, Suite 840, Rockville, MD 20852,

(301) 443–7916, E-Mail: klplavsic@samhsa.gov.

For questions concerning substance abuse prevention topics, contact: Boris R. Aponte, Ph.D, CHES, Center for Substance Abuse Prevention/SAMHSA, 5515 Security Lane, Suite 800, Rockville, MD 20852, (301) 443–2290, E-Mail: baponte@samhsa.gov.

For questions regarding grants management issues, contact: Steve Hudak, Division of Grants Management, OPS/SAMHSA, Rockwall II, 6th floor, 5600 Fishers Lane, Rockville, MD 20857, (301) 443–9666, E-Mail: shudak@samhsa.gov.

Public Health System Reporting Requirements: The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions. Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.
 - (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements. Application guidance materials will specify if a particular FY 2003 activity is subject to the Public Health System Reporting Requirements.

PHS Non-use of Tobacco Policy Statement: The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103–227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to

protect and advance the physical and mental health of the American people.

Executive Order 12372: Applications submitted in response to the FY 2003 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17–89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: November 5, 2002.

Richard Kopanda,

Executive Officer, Substance Abuse and Mental Health Services Administration.

Privacy Act of 1974; Notice of Amended Systems of Records

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice; Proposed amendment to eight existing Privacy Act systems of records.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974, as amended (5 U.S.C. 552a), the Department is amending eight Privacy Act systems of records. The major revisions to these systems are the addition of new routine use disclosures. Additionally, the revisions expand the description of the
