Summary of Information Collection

The Biennial Review employs a survey to assess organizational-customer satisfaction with the associated business line and addresses overall responsiveness to customer requirements, satisfaction with specific products and services, and quality of coordination with organizational customers. The survey identifies distinct areas of business (business lines) for all Defense Agencies and DoD Field Activities participating in the Review, creates lists of organizational customers specific to each business line, and uses a set of standard evaluation questions across all business lines. Respondents covered by this announcement are private-sector customers of these business lines, such as for the Federal Voting Assistance Program and Defense Finance and Accounting Service.
