Both items shall be disaggregated by customer order entry method. The Postal Service currently proposes three customer order entry methods: (1) Internet Orders: Non-Philatelic/Non-Custom; (2) Business Level Orders; and (3) Philatelic/Custom and all Other Order Sources. By generically referring to the three proposed methods as "customer order entry method," the Postal Service is provided flexibility to propose other methods to the Commission for future implementation without requiring a rule change.
