[Docket No. ER20–588–000]

Midcontinent Independent System Operator, Inc.; Supplemental Notice of Technical Conference

By order dated March 10, 2020,¹ the Commission directed staff to convene a technical conference regarding Midcontinent Independent System Operator, Inc.'s (MISO) filing of proposed revisions to its Open Access Transmission, Energy and Operating Reserve Markets Tariff to allow for the selection of a storage facility as a transmission-only asset (SATO) in the MISO Transmission Expansion Plan (MTEP). The technical conference will explore issues including, but not limited to, MISO's proposed evaluation and selection criteria for SATOs, the SATO's market activities and any potential wholesale market impacts of those activities, how MISO's current formula rate structure accommodates cost recovery for SATOs, a SATO's potential effects on the generator interconnection queue, and operating guides that will apply to a SATO.²

As announced in the Notice of Technical Conference issued on April 10, 2020, the Commission will hold this staff-led technical conference on Monday, May 4, 2020, between 9:00 a.m. and 5:00 p.m. (Eastern Time). As explained in the April 10, 2020 notice, the conference will be held remotely. Questions that will be discussed at the technical conference were also included in the April 10, 2020 notice.
