AmeriCorps also seeks to continue using the currently approved information collection until the revised information collection is approved by OMB. The currently approved information collection is due to expire on 10/31/2021.

OMB Control Number: 1845-0097.

Type of Review: An extension without change of a currently approved collection.

Abstract: The Department of Education regulations at 34 CFR 668.49 require institutions to collect statistics on fires occurring in on-campus student housing facilities, including the number and cause of each fire, the number of injuries related to each fire that required treatment at a medical facility, the number of deaths related to each fire, and the value of property damage caused by each fire. Institutions must also publish an annual fire safety report containing the institution's policies regarding fire safety and the fire statistics information. Further institutions are required to maintain a fire log that records the date, time, nature, and general location of each fire in on-campus student housing facilities. Due to the effects of the COVID-19 pandemic, the Department lacks

sufficient data to allow for more accurate updates to the usage of these regulations. This request is for an extension without change to the reporting requirements contained in the regulations. The collection requirements in the regulations are necessary to meet institutional information reporting to students and staff as well as for reporting to Congress through the Secretary.

Title of Collection: Education Stabilization Fund—Elementary and Secondary School Emergency Relief Fund (ESSER I/ESSER II/ARP ESSER Fund) Recipient Data Collection Form.

OMB Control Number: 1810–0749.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 14,652.

Total Estimated Number of Annual Burden Hours: 2,051,943.

Abstract: Under the current unprecedented national health emergency, the legislative and executive branches of government have come together to offer relief to those individuals and industries affected by the COVID–19 virus under the Coronavirus Aid, Relief, and Economic Security (CARES) Act (Pub. L. 116–136) authorized on March 27, 2020, and expanded through the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, and the American Rescue Plan (ARP) Act. The ESSER Fund awards grants to SEAs and for the purpose of providing local educational agencies (LEAs), including charter schools that are LEAs, as well as Outlying Areas, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID–19) has had, and continues to have, on elementary and secondary schools across the Nation. This information collection requests emergency approval for a revision to a previously approved collection that includes annual reporting requirements to comply with the requirements of the ESSER program and obtain information on how the funds were used by State and Local Education Agencies. Emergency processing is necessary to provide states with sufficient time to collect the required data regarding the use of SEA reserve funds. Retrospectively creating this data after the activities have concluded is much more burdensome than prospectively collecting the data as the activities occur. The form currently collects information regarding the use of SEA reserve funds at the LEA level. However, questions addressing SEA use of Reserve Funds were not included in the forms submitted for 60- and 30-day public comment.

The Department addressed all public comments from the recently approved information collection. The only change to the approved collection is the additional three questions to address the use of SEA reserve funds. When considering your comments, please refer to Attachment A, which outlines the additional 3 questions.
