

request that the Commission grant an extension of time to furnish the annual report, if failure to timely furnish could not be eliminated without unreasonable effort or expense; and (3) maintain records of the registrant's compliance policies and procedures and records related to the annual report.

The information collection obligations imposed by Commission Regulation 3.3 are essential to ensuring that FCMs, SDs, and MSPs maintain comprehensive policies and procedures that promote compliance with the CEA and Commission regulations. In particular, the Commission believes that, among other things, these obligations (1) promote compliance behavior through periodic self-evaluation, (2) inform the Commission of possible compliance weaknesses, (3) assist the Commission in determining whether the registrant remains in compliance with the CEA and Commission regulations, and (4) help the Commission to assess whether the registrant has mechanisms in place to adequately address compliance problems that could lead to a failure of the registrant.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On April 8, 2025, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 90 FR 15139 ("60-Day Notice"). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: The Commission is revising its estimate of the burden for this collection. There are 168 currently registered respondents.⁴ There are no currently registered MSPs. The respondent burden for this collection is estimated to be as follows:

Number of Registrants: 168.

Estimated Average Burden Hours per Registrant: 1,006.

Estimated Aggregate Burden Hours: 169,008.

Frequency of Recordkeeping: Annually or on occasion.

There are no capital costs or operating and maintenance costs associated with this collection.

These estimates have been updated based on the most recent available data on the total number of respondents as shown here.
