Forest Service

Opal Creek Scenic Recreation Area (SRA) Advisory Council

AGENCY: Forest Service, USDA.

ACTION: Notice of Meeting.

SUMMARY: Opal Creek Scenic Recreation Area Advisory Council meetings will convene in Stayton, Oregon on Wednesday, April 23, 2008. These meetings are scheduled to begin at 6:30 p.m., and will conclude at approximately 8:30 p.m. Meetings will be held in the South Room of the Stayton Community Center located on 400 West Virginia Street in Stayton, Oregon.

The Opal Creek Wilderness and Opal Creek Scenic Recreation Area Act of 1996 (Opal Creek Act) (Pub. L. 104-208) directed the Secretary of Agriculture to establish the Opal Creek Scenic Recreation Area Advisory Council. The Advisory Council is comprised of

thirteen members representing state, county and city governments, and representatives of various organizations, which include mining industry, environmental organizations, inholders in Opal Creek Scenic Recreation Area, economic development, Indian tribes, adjacent landowners and recreation intersects. The council provides advice to the Secretary of Agriculture of preparation of a comprehensive Opal Creek Management Plan for the SRA, and consults on a periodic and regular basis on the management of the area. Tentative agenda items include: Elkhorn resort development presentation, abandoned mine closures, and Opal Creek management strategy.

A direct public comment period is tentatively schedule to begin at 8 p.m. Time allotted for individual presentations will be limited to 3 minutes. Written comments are encouraged, particularly if the material cannot be presented within the time limits of the comment period. Written comments may be submitted prior to scheduled meetings by sending them to Designated Federal Official Paul Matter at the address given below.

FOR FURTHER INFORMATION CONTACT: For more information regarding this meeting, contact Designated Federal Official Paul Matter; Willamette National Forest, Detroit Ranger District, HC 73 Box 320, Mill City, OR 97360; (503) 854-3366.

Dated: March 31, 2008.

Dallas J. Emch,
Forest Supervisor.

Information Systems Technical Advisory Committee; Notice of Partially Closed Meeting

The Information Systems Technical Advisory Committee (ISTAC) will meet on April 23 and 24, 2008, 9 a.m., in the Herbert C. Hoover Building, Room 3884, 14th Street between Constitution and Pennsylvania Avenues, NW., Washington, DC. The Committee advises the Office of the Assistant Secretary for Export Administration on

technical questions that affect the level of export controls applicable to information systems equipment and technology.

Wednesday, April 23

Public Session

1. Welcome and Introduction.
2. Atomic Layer Deposition and Cluster Tools.
3. History of U.S. Export Controls.
4. Census Data for Export Control.
5. Preliminary Discussion.
6. 4A003e: Equipment Performing Analog-to-Digital Conversions.

Thursday, April 24

Closed Session

7. Discussion of matters determined to be exempt from the provisions relating to public meetings found in 5 U.S.C. app. 2 §§ 10(a)(1) and 10(a)(3).

The open session will be accessible via teleconference to 20 participants on a first come, first serve basis. To join the conference, submit inquiries to Ms. Yvette Springer at Yspringer@bis.doc.gov, no later than April 16, 2008.

A limited number of seats will be available for the public session. Reservations are not accepted. To the extent time permits, members of the public may present oral statements to the Committee. The public may submit written statements at any time before or after the meeting. However, to facilitate distribution of public presentation materials to Committee members, the Committee suggests that public presentation materials or comments be forwarded before the meeting to Ms. Springer.

The Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined on March 22, 2008, pursuant to Section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. app. 2 § (10)(d))), that the portion of the meeting concerning trade secrets and commercial or financial information deemed privileged or confidential as described in 5 U.S.C. 552b(c)(4) and the portion of the meeting concerning matters the disclosure of which would be likely to frustrate significantly implementation of an agency action as described in 5 U.S.C. 552b(c)(9)(B) shall be exempt from the provisions relating to public meetings found in 5 U.S.C. app. 2 §§ 10(a)(1) and 10(a)(3). The remaining portions of the meeting will be open to the public.

For more information, call Yvette Springer at (202) 482-2813.

Dated: April 3, 2008.

Yvette Springer,

Committee Liaison Officer.

National Oceanic and Atmospheric Administration

RIN 0648-XG92

Fisheries Off West Coast States and in the Western Pacific; Pacific Coast Groundfish Fishery; Application for an Exempted Fishing Permit (EFP)

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of EFP applications; intent to issue EFPs; request for comments.

SUMMARY: NMFS announces the receipt of two exempted fishing permit (EFP) applications, and the intent to issue EFPs for vessels participating in the EFP fisheries. The EFPs are necessary to allow activities that are otherwise prohibited by Federal regulations. The EFPs will be effective no earlier than May 1, 2008, and would expire no later than December 31, 2008, but could be terminated earlier under terms and conditions of the EFPs and other applicable laws.

DATES: Comments must be received no later than 5 p.m., local time on May 8, 2008.

ADDRESSES: You may submit comments, identified by 0648-XG92 by any one of the following methods:

- Fax: 206-526-6736, Attn: Gretchen Arentzen.

- Mail: D. Robert Lohn, Administrator, Northwest Region, NMFS, 7600 Sand Point Way NE, Seattle, WA 98115-0070, Attn: Gretchen Arentzen.

FOR FURTHER INFORMATION CONTACT: To request copies of the EFP applications, contact Gretchen Arentzen (Northwest Region, NMFS), phone: 206-526-6147, fax: 206-526-6736.

SUPPLEMENTARY INFORMATION: This action is authorized by the Magnuson-Stevens Fishery Conservation and Management Act provisions at 50 CFR 600.745, which states that EFPs may be used to authorize fishing activities that would otherwise be prohibited. At the November 2007 Pacific Fishery Management Council (Council) meeting in San Diego, California, NMFS and the Council received applications for two EFPs from: (1) The Nature Conservancy

and their collaborators and (2) the Recreational Fishing Alliance and Golden Gate Fisherman's Association. An opportunity for public testimony was provided during the Council meeting. The Council recommended that NMFS issue the EFPs and forwarded the EFP applications to NMFS with the contingency that all applicants improve the data analysis and reporting requirements detailed in their applications. NMFS is worked with the applicants and participants who would be fishing under the EFPs to resolve retention, data analysis and monitoring issues affecting these EFPs prior to their final application for EFPs.

All EFPs, if issued, would require that all rockfish species are retained and that prohibited rockfish species must be surrendered to the State in which they are landed. All vessels participating under an EFP would be required to have a human observer on board during every trip conducted under the EFP.

Community Based Fishing Association EFP

The Nature Conservancy (TNC) submitted their final EFP application package to NMFS on February 14, 2008, along with their collaborators: City of Morro Bay Harbor Department; Port San Luis Commercial Fishermen's Association; Port San Luis Harbor District; California Department of Fish and Game; Morro Bay Commercial Fishermen's Organization, Inc.; and Environmental Defense. The primary purpose of the EFP is to test whether establishing a cooperatively managed, community based fishing association that employs commercial trawl permits to use longline, trap, pot, and hook-and-line gear off the Central California coast, under shared total catch amounts for target and bycatch species, can provide several important economic and environmental performance benefits. In addition, fishing under this EFP is expected to provide valuable information on how to structure a more cost-effective monitoring system that emphasizes individual accountability in a rationalized fishery and also on the costs of managing a rationalized fishery.

Since 2003, TNC and Environmental Defense have been working on various projects with participants in the bottom trawl industry along the Central Coast of California. In 2005, NMFS approved a plan to protect more than 130,000 square miles (336,698 square km) of marine waters off the West coast as essential fish habitat (EFH) for groundfish (71 FR 24601, May 11, 2006). The plan prohibits fishing methods that can cause long-term damage to the ocean floor, such as bottom trawling,
