

what information will be required in it. The Executive Summary will ask respondents to summarize the application's contents. The Corporation will provide more details about the Executive Summary at the appropriate time. (c) One commenter indicated that the Corporation underestimated the additional time burden added by the executive summary. The Corporation agrees and has adjusted the estimated time accordingly. (d) One commenter suggested that the Corporation eliminate another part of the application to account for the addition of an Executive Summary. The Corporation believes that the additional burden of an Executive Summary will be minimal, and that the addition will increase the effectiveness and efficiency of the grant review process. Therefore, we do not intend to remove another portion of the application.

Description: The Corporation seeks to renew the current application with one modification. The Corporation will ask applicants to include an Executive Summary to improve the efficiency and effectiveness of the peer review process.

The information collection will otherwise be used in the same manner as the existing application. The Corporation also seeks to continue using the current application until the revised application is approved by OMB. The current application is due to expire on May 31, 2011.

The Senior Corps Grant Application is completed by applicant organizations interested in sponsoring a Senior Corps project. The application is completed electronically using the Corporation's web-based grants management system, eGrants.

Office of the Secretary

[Docket ID: DOD-2011-HA-0033]

Proposed Collection; Comment Request

AGENCY: Office of the Assistant Secretary of Defense for Health Affairs, DoD.

ACTION: Notice.

SUMMARY: In compliance with Section 3506(c)(2)(A) of the *Paperwork Reduction Act of 1995*, the Office of the Assistant Secretary of Defense for Health Affairs announces a proposed new public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by May 16, 2011.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions for submitting comments.

- **Mail:** Federal Docket Management System Office, 1160 Defense Pentagon, OSD Mailroom 3C843, Washington, DC 20301-1160.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to Naval Health Research Center, DoD Center for Deployment Health Research, Department 164, ATTN: Tyler C. Smith, MS, PhD, 140 Sylvester Rd., San Diego, CA 92106-3521, or call (619) 553-7593.

Title: *Associated Form; and OMB Number:* ACAM2000® Myopericarditis Registry; OMB Control Number 0720-TBD.

Needs and Uses: The Food and Drug Administration required the establishment of several Phase IV post-licensure studies to evaluate the long-term safety of ACAM2000® smallpox vaccine. Among the required post-licensure studies is the establishment of a myopericarditis registry. The ACAM2000® Myopericarditis Registry is designed to study the natural history of myopericarditis following receipt of the ACAM2000® vaccine, including evaluating factors that may influence disease prognosis, thus addressing the FDA post-licensure requirement and ensuring the continued licensing of this vaccine.

Affected Public: Civilians, former Active Duty or active Guard/Reserve in the U.S. Military, who received the ACAM2000® smallpox vaccine while in the military and subsequently developed signs or symptoms of myopericarditis.

Annual Burden Hours: 20.

Number of Respondents: 20.

Responses per Respondent: 2.

Average Burden per Response: 30 minutes.

Frequency: Semi-annually.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

Eligible respondents are civilians who are former Active Duty or active Guard/Reserve in the U.S. Military that received the ACAM2000® smallpox vaccine while in the military and subsequently developed signs or symptoms of myopericarditis. The information collected will illuminate the natural history of post-vaccine myopericarditis and evaluate factors that may influence disease prognosis. Inclusion of civilians who were formerly in the military in addition to current military members is imperative in order to obtain information on those who may have separated from the military due to their medical condition. Conducting this Registry will ensure the continued licensure of this military relevant vaccine.
