Application for Duty-Free Entry of Scientific Instrument

Pursuant to section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether an instrument of equivalent scientific value, for the purposes for which the instrument shown below is intended to be used, is being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 am and 5:00 pm in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC.

Docket Number: 00-020. *Applicant:* University of Wisconsin—Madison, 750 University Avenue, Madison, WI 53706-1490. *Instrument:* Zebra Fish Tank Installation. *Manufacturer:* Aquarien-Bau Schwarz, Germany. *Intended Use:* The instrument is intended to be used to house and grow multiple generations of zebra fish which are used as a simple model to study the biology and development of vertebrate animals, including humans. These studies will include experiments to investigate the genetic basis of early embryonic development, specifically the products present in the egg which, when activated, drive the initial steps of embryogenesis. The overall objective of this research is to understand the molecular mechanisms underlying the induction of different cell fates in a developing vertebrate organism. In addition, the instruments will be used for educational purposes which involve primarily the scientific training of graduate students of the Genetics and Molecular and Cellular Biology

programs. *Application accepted by Commissioner of Customs:* June 9, 2000.

Frank W. Creel,

Director, Statutory Import Programs Staff.

Grain-Oriented Electrical Steel From Italy; Preliminary Results of Full Sunset Review of Countervailing Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of preliminary results of full sunset review: grain-oriented electrical steel from Italy.

SUMMARY: On December 1, 1999, the Department of Commerce ("the Department") initiated a sunset review of the countervailing duty order on grain-oriented electrical steel ("GOES") from Italy (64 FR 67247) pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). On the basis of a notice of intent to participate and adequate substantive comments filed on behalf of the domestic interested parties, as well as responses from respondent interested parties, the Department determined to conduct a full (240-day) sunset review. Based on our analysis of the comments received, we find that revocation of the countervailing duty order would be likely to lead to continuation or recurrence of a countervailable subsidy at the levels listed below in the section entitled Preliminary Results of Review.

EFFECTIVE DATE: June 23, 2000.

SUPPLEMENTARY INFORMATION:

The Applicable Statute

Unless otherwise indicated, all citations to the Act are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department regulations are to 19

CFR Part 351 (1999). Guidance on methodological or analytical issues relevant to the Department's conduct of sunset reviews is set forth in the Department Policy Bulletin 98:3—*Policies Regarding the Conduct of Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders; Policy Bulletin*, 63 FR 18871 (April 16, 1998) (*Sunset Policy Bulletin*).

Background

On December 1, 1999, the Department initiated a sunset review of the countervailing duty order on GOES from Italy (64 FR 67247), pursuant to section 751(c) of the Act. The Department received a notice of intent to participate on behalf of Allegheny Ludlum Corporation ("Allegheny Ludlum"), AK Steel Corporation ("AK Steel"), Butler Armco Independent Union, the United Steelworkers of America AFL-CIO/CLC, and the Zanesville Armco Independent Union (collectively, "domestic interested parties"), within the applicable deadline (December 16, 1999) specified in section 351.218(d)(1)(i) of the *Sunset Regulations*. Allegheny Ludlum and AK Steel claimed interested-party status under section 771(9)(C) of the Act, as U.S. producers of a domestic like product. The unions listed above are interested parties pursuant to section 771(9)(D) of the Act, because they are certified or recognized unions or groups of workers representative of the industry engaged in the manufacture, production, or wholesale in the United States of the domestic like product.

Domestic interested parties state that Allegheny Ludlum, Armco Inc. ("Armco"), United Steel Workers of America, Butler Armco Independent Union, and Zanesville Armco Independent Union were the petitioners in the initial investigation (see January 3, 2000, substantive response of domestic interested parties at 5). Domestic interested parties note that, on September 30, 1999, AK Steel acquired Armco, and assumed control of Armco's production of GOES. *Id.* Accordingly, AK Steel is the successor of petitioner Armco, and has replaced Armco as domestic interested party for purposes of this sunset review and all other administrative reviews. *Id.* Additionally, domestic interested parties state that they are participants in the ongoing administrative review. *Id.*

On December 20, 1999, we received a response from the European Union Delegation of the European Commission ("EC") expressing its willingness to participate in this review as the authority responsible for defending the interest of the Member States of the
