BILLING CODE P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Customs Broker Permit User Fee Payment for 2023

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: General notice.

SUMMARY: This document provides notice to customs brokers that the annual user fee that is assessed for each permit held by a broker, whether it may be an individual, partnership, association, or corporation, is due no later than February 24, 2023. The annual user fee reflects the changes made by two final rules, published in the **Federal Register** on October 18, 2022, and effective December 19, 2022, that eliminate broker districts and district permits, and transition all customs brokers to a single national permit. Pursuant to fee adjustments required by the Fixing America's Surface Transportation Act (FAST ACT) and U.S. Customs and Border Protection (CBP) regulations, the annual user fee payable for calendar year 2023 will be \$163.71.

DATES: Payment of the 2023 Customs Broker Permit User Fee is due no later than February 24, 2023.

FOR FURTHER INFORMATION CONTACT: Melba Hubbard, Chief, Broker Management Branch, Office of Trade, (202) 325-6986, or melba.hubbard@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION:

Background

Pursuant to section 111.96 of title 19 of the Code of Federal Regulations (19

CFR 111.96(c)), U.S. Customs and Border Protection (CBP) assesses an annual user fee for each customs broker permit held by an individual, partnership, association, or corporation. CBP regulations provide that this fee is payable each calendar year for a national permit held by a broker and must be paid by the due date published annually in the **Federal Register**. See 19 CFR 24.22(h) and (i)(9); 19 CFR 111.96(c).

On October 18, 2022, CBP published two concurrent final rules in the **Federal Register** (87 FR 63262 and 87 FR 63267) modernizing the customs broker regulations in parts 24 and 111 of title 19 of the CFR. These two final rules eliminate broker districts and district permits, as well as the permit user fees for district permits. CBP is in the process of transitioning all district permit holders to a national permit. In accordance with the effective date of these two final rules on December 19, 2022, all permit holders will hold one national permit only and must pay annual user fees for one national permit only.

Sections 24.22 and 24.23 of title 19 of the CFR (19 CFR 24.22 and 24.23) provide for and describe the procedures that implement the requirements of the Fixing America's Surface Transportation Act (FAST Act) (Pub. L. 114-94, December 4, 2015). Section 32201 of the FAST Act amended section 13031 of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985 (19 U.S.C. 58c) by requiring the Secretary of the Treasury to adjust certain customs COBRA user fees and corresponding limitations to reflect certain increases in inflation. Paragraph (k) in section 24.22 (19 CFR 24.22(k)) sets forth the methodology to adjust fees for inflation, and to determine the change in inflation as well as the factor by which the fees and limitations will be adjusted, if necessary. The customs broker permit user fee is set forth in appendix A of part 24, which lists fees and limitations subject to the adjustment. (19 CFR 24.22 appendix A.) On August 1, 2022, CBP published a **Federal Register** notice, CBP Dec. 22-17, which among other things, announced that the annual customs broker permit user fee would increase to \$163.71 for calendar year 2023. See 87 FR 46973.

As required by 19 CFR 111.96 and 24.22, CBP must provide notice in the **Federal Register** no later than 60 days before the date that the payment is due for each broker permit. This document notifies customs brokers that for calendar year 2023, the due date for payment of the user fee is February 24, 2023.

Dated: December 5, 2022.

AnnMarie R. Highsmith,

Executive Assistant Commissioner, Office of Trade.

BILLING CODE 9111-14-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2022-0002; Internal Agency Docket No. FEMA-B-2294]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: Comments are to be submitted on or before March 16, 2023.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-2294, to Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and

Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements.

The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a

mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.
