Description: Section 408(a) of ERISA authorizes the Secretary of Labor to grant exemptions from the prohibited transaction sections of 406 and 407(a) of ERISA and directs the Secretary to establish a procedure with respect to such provisions. This regulation provides a procedure that requires applications for exemption to make certain disclosures to the Department of Labor and to participants and beneficiaries.

There are two information disclosure requirements incorporated within the exemption procedure regulation. The first requirement, that an applicant for an exemption disclose information regarding the application and certify to that information, is necessary in order for the Department to make an informed determination regarding the application. The second requirement, notice to interested persons, ensures that participants and beneficiaries are informed of the application for exemption and have an opportunity to respond.
