Agricultural Research Service

Title: Evaluation of User Satisfaction with NAL Internet Sites.

OMB Control Number: 0518–0040.

Summary of Collection: There is a need to measure user satisfaction with the National Agricultural Library (NAL) Internet sites in order for NAL to comply with Executive Order 12862, which directs federal agencies that provide significant services directly to the public to survey customers to determine the kind and quality of services they want and their level of satisfaction with existing services. NAL Internet sites are a vast collection of Web pages created and maintained by component organizations of NAL, and are visited by 4.6 million people per month on average. The information generated from this research will enable NAL to evaluate the success of this new modality in response to fulfilling its legislative mandate to disseminate vital agricultural information and truly become the national digital library of agriculture.

Need and Use of the Information: The purpose of the research is to ensure that intended audiences find the information provided on the Internet sites easy to access, clear, informative, and useful. The research will provide a means by which to classify visitors to the NAL Internet sites, to better understand how to serve them. If the information is not collected, NAL will be hindered from advancing its mandate to provide accurate, timely information to its user's community.

Description of Respondents: Individuals or households; Business or other for-profit; Not-for-profit institutions; Farms; State, Local or Tribal Government.

Number of Respondents: 10,800.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 540.

National Agricultural Statistics Service

Title: Honey Survey.

OMB Control Number: 0535-0153.

Summary of Collection: The National Agricultural Statistics Service (NASS) primary function is to prepare and issue State and national estimates of crop and livestock production. General authority for these data collection activities is granted under U.S. Code Title 7, Section 2204. Domestic honeybees are critical to the pollination of U.S. crops, especially fruits and vegetables. Africanized bees, colony collapse disorder, parasites, diseases, and pesticides threaten the survival of bees. Programs are provided by Federal, State and local governments to assist in the survival of bees and to encourage beekeepers to maintain bee colonies.

Need and Use of the Information: NASS will collect information on the number of colonies, honey production, stocks, and prices. The survey will provide data needed by the Department and other government agencies to administer programs and to set trade quotas and tariffs. Without the information agricultural industry would not be aware of changes at the State and national level.

Description of Respondents: Farms.

Number of Respondents: 10,000.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 2,349.
