

at 27 U.S.C. 205(e) requires alcohol beverage labels to provide consumers with adequate information as to the identity and quality of alcohol beverages. Each statute also authorizes the Secretary to issue regulations related to such activities. As such, the TTB regulations require alcohol beverage producers and importers to obtain formula approval for certain non-standard products or products with non-standard ingredients to ensure that such products are properly classified for excise tax purposes under the IRC and properly labeled under the FAA Act. Currently, in lieu of the formula forms and letterhead notices specified in the TTB regulations for each alcohol commodity (distilled spirits, wine, and beer/malt beverages), which are approved under separate OMB control numbers, respondents may submit TTB F 5100.51 or its electronic equivalent in Formulas Online (FONL) as an alternate procedure under this OMB control number.

Abstract: Under the IRC at 26 U.S.C. 5722, importers of tobacco products and of processed tobacco are required to make reports containing such information, in such form, at such times, and for such periods as the Secretary prescribes by regulation. Under that authority, the TTB regulations in 27 CFR part 41 require tobacco product and processed tobacco importers to submit a monthly report on TTB F 5220.6 to account for such products on hand, received, and removed. SUPPLEMENTARY INFORMATION:

Bureau of Engraving and Printing (BEP)

Title: Generic Clearance for Meaningful Access Information Collections.

OMB Control Number: 1520-0009.

Type of Review: Extension without change.

Description: A court order was issued in *American Council of the Blind v. Paulson*, 591 F. Supp. 2d 1 (D.D.C. 2008) ("*ACB v. Paulson*") requiring the Department of the Treasury and BEP to "provide meaningful access to United States currency for blind and other visually impaired persons, which steps shall be completed, in connection with each denomination of currency, not later than the date when a redesign of that denomination is next approved by the Secretary of the Treasury"

In compliance with the court's order, BEP intends to meet with blind and visually impaired persons and request their feedback about tactile features that BEP is considering for possible incorporation into the next U.S. paper currency redesign. BEP employees will attend national conventions and conferences for disabled persons, as well as focus groups and other meetings. At those gatherings, BEP employees will

invite blind and visually impaired persons to provide feedback about certain tactile features being considered for inclusion in future United States currency paper designs. In the past BEP contracted with specialists in the field of tactile acuity to develop a methodology for collecting the feedback. This same or substantially similar methodology will be used to continue this information collection.

Over the next three years, the BEP anticipates undertaking a variety of new information collection activities related to BEP's continued efforts to provide meaningful access to U.S. paper currency for blind and visually impaired persons. Following standard OMB requirements, for each information collection that BEP proposes to undertake under this generic clearance, the OMB will be notified at least two weeks in advance and provided with a copy of the information collection instrument along with supportive materials. The BEP will only undertake a new collection if the OMB does not object to the BEP's proposal.
