

inspection certificate, may be submitted electronically or via paper application.

For importers and brokers participating in the Partner Government Agency (PGA) Message Set, the information on FSIS Form 9540–1 is submitted electronically. Applicants that do not file this information electronically can submit paper applications (FSIS Form 9540–1) to FSIS inspection personnel at an official import inspection establishment. The applicant is required to submit the FSIS Form 9540–1 in advance of the shipment's arrival, but no later than when the entry is filed with CBP (9 CFR 327.5, 381.198, 557.5, 590.920). Return of Exported Products to the United States.

When product inspected and passed by FSIS is exported, but then returned to this country, the owner, broker, or agent of the product (the applicant) arranges for the product's entry and notifies FSIS. In accordance with 9 CFR 327.17, 381.209, 557.17, and 590.965, exported product returned to this country is exempt from FSIS import inspection requirements upon notification to and approval from the Agency's Recall Management and Technical Analysis Staff (RMTAS). RMTAS may require, however, that returned product be re-inspected at a federally-inspected facility for food safety and food defense determinations.

As part of this process, an applicant completes the FSIS Form 9010–1, Application for the Return of Exported Products to the United States. The purpose of the form is to allow RMTAD to decide whether re-inspection of the returned product is needed and to notify the appropriate FSIS office where to perform the re-inspection of the product, if necessary. If FSIS inspection program personnel determine that the product is safe and not adulterated or misbranded, the product may be released into domestic commerce.

FSIS has made the following estimates based upon an information collection assessment:

Estimated total number of respondents: 939.

Estimated annual number of responses: 244,354.

Estimated total annual burden: 49,385 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
