

abroad (HTS 2905.39.10; duty rate 7.9%).

FTZ procedures would exempt ISP from Customs duty payments on the foreign components used in export production. Some 35 percent of the BLO produced from the imported B1D in 1999 was exported. On its domestic sales, ISP would be able to choose the duty rates during Customs entry procedures that apply to BLO (3.7%) for the foreign input noted above. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is March 19, 2001. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 3, 2001.

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:

Background

Pursuant to 19 CFR 351.213(b), these administrative reviews cover only those producers or exporters of the subject merchandise for which the administrative reviews were specifically requested. Accordingly, these administrative reviews cover exporter Novosteel SA and producer Reiner Brach GmbH and Co. KG. We received timely allegations of additional subsidies, including allegations of upstream subsidies. We initiated examinations of three of these alleged subsidy programs and determined not to initiate examinations of the alleged upstream subsidy programs. See memorandum to Melissa G. Skinner, Director, Office of AD/CVD Enforcement VI, from Team, entitled *1997 and 1998 Administrative Reviews of the Countervailing Duty Order on Certain Cut-to-Length Carbon Steel Plate from Germany: Memorandum Regarding Affiliation, Cross-ownership, Upstream Subsidy Allegations, and Other Subsidy Allegations*, dated August 23, 2000. (This memorandum is on file in public version form in the public file room of room B-099 of the main Commerce building.) These administrative reviews cover 39 programs and the periods calendar year 1997 and calendar year 1998.

On September 8, 2000, the Department published in the **Federal Register** its preliminary results of administrative reviews. See *Certain Cut-to-Length Carbon Steel Plate From Germany; Preliminary Results of Countervailing Duty Administrative Reviews*, 65 FR 54496 (*Preliminary Results*).
