NUCLEAR REGULATORY COMMISSION

[Docket No. 50–0219–LR; ASLBP No. 06–844–01–LR]

Atomic Safety and Licensing Board Before Administrative Judges: E. Roy Hawken, Chairman, Dr. Paul B. Abramson, Dr. Anthony J. Baratta; In the Matter of Amergen Energy Company, LLC (License Renewal for Oyster Creek Nuclear Generating Station); Notice

April 23, 2007.

(Notice of Opportunity to Make Oral or Written Limited Appearance Statements).

This proceeding concerns the July 22, 2005 application by AmerGen Energy Company, LLC ("AmerGen") to renew its operating license for the Oyster Creek Nuclear Generating Station ("Oyster Creek") for twenty years beyond the

current expiration date of April 9, 2009. In response to the September 15, 2005 Notice of Opportunity for Hearing (70 FR 54585 (Sept. 15, 2005)), two Requests for Hearing and Petitions to Intervene were filed on November 14, 2005. One Petition was filed by the New Jersey Department of Environmental Protection [hereinafter referred to as New Jersey], and the other Petition was filed by the Nuclear Information and Resource Service, Jersey Shore Nuclear Watch, Inc., Grandmothers, Mothers and More for Energy Safety, New Jersey Public Interest Research Group, New Jersey Sierra Club, and New Jersey Environmental Federation [hereinafter referred to collectively as Citizens]. On December 9, 2005, this Atomic Safety and Licensing Board was established to preside over the proceeding.

On February 27, 2006, this Board issued a Memorandum and Order in which we (LBP-06-07, 63 NRC 188 (2006)): (1) Denied New Jersey's Request for Hearing and Petition to Intervene;¹ and (2) granted Citizens' Request for Hearing and Petition to Intervene. We concluded that Citizens' contention was admissible to the extent it challenged AmerGen's aging management program for measuring corrosion in the sand bed region of the drywell liner (*id.* at 217).

Subsequently, on June 6, 2006, this Board issued a Memorandum and Order in which we concluded that Citizens' contention, as admitted by the Board, was a contention of omission that had been cured as a result of newly docketed commitments by AmerGen to perform periodic UT measurements in the sand bed region of the drywell liner throughout the period of extended operation (LBP-06-16, 63 NRC 737 (2006)). Instead of dismissing the proceeding, the Board gave Citizens the opportunity to file a new contention raising one or more specific substantive challenges to AmerGen's new periodic UT program for the sand bed region (*id.* at 744). On June 23, Citizens submitted a Petition to file new contentions, and on October 10, this Board admitted one of the newly proffered contentions; namely, Citizens' assertion that AmerGen's scheduled UT monitoring frequency in the sand bed region of the drywell shell during the renewal period is insufficient to maintain an adequate safety margin (LBP-06-22, 64 NRC 229, 240-44 (2006)).

This Atomic Safety and Licensing Board hereby gives notice that, in

accordance with 10 CFR 2.315(a), the Board will entertain oral limited appearance statements from members of the public in connection with this proceeding at the date, time, and location specified below:

A. Date, Time, and Location of Oral Limited Appearance Statement Sessions

The sessions will be held on the following date at the specified location and time:

B. Participation Guidelines for Oral Limited Appearance Statements

Any person not a party, or the representative of a party, to the proceeding will be permitted to make an oral statement setting forth his or her position on matters of concern relating to this proceeding. Although these statements do not constitute testimony or evidence in the proceeding, they nonetheless may assist the Board and/or the parties in their consideration of the issues. In particular, these statements may serve to alert the Board and the parties to areas in which evidence may need to be adduced.

Oral limited appearance statements will be entertained during the hours specified above, or such lesser time as might be necessary to accommodate the speakers who are present.² In this regard, if all scheduled and unscheduled speakers present at the session have made a presentation, the Licensing Board reserves the right to terminate the session before the ending time listed above. In order to allow all interested persons an opportunity to address the Board, the time allotted for each statement normally will be no more than five (5) minutes, but may be further limited depending on the number of written requests to make an oral statement that are submitted in accordance with Section C below and/

or the number of persons present at the designated time.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Withholding Certificate for Railroad Retirement Monthly Annuity Payments; OMB 3220-0149, Form RRB-W-4P

The Internal Revenue Code requires all payers of tax liable private pensions to U.S. citizens to: (1) Notify each recipient at least concurrent with initial withholding that the payer is, in fact, withholding benefits for tax liability and

that the recipient has the option of electing not to have the payer withhold, or to withhold at a specific rate; (2) withhold benefits for tax purposes (in the absence of the recipient's election not to withhold benefits); and (3) notify all beneficiaries, at least annually, that they have the option of changing their withholding status or elect not to have benefits withheld.

The Railroad Retirement Board provides Form RRB-W4P, Withholding Certificate for Railroad Retirement Payments, to its annuitants to exercise their withholding options. Completion of the form is required to obtain or retain a benefit. One response is requested of each respondent.

No changes are being proposed to the current version of Form RRB W-4P used by the RRB. The RRB estimates that 25,000 annuitants utilize Form RRB W-4P annually. The completion time for Form RRB W-4P varies depending on individual circumstances. The estimated average time for Form RRB W-4P is 40 minutes for recordkeeping, 24 minutes for learning about the law or the form, and 59 minutes for preparing the form.

Additional Information Or Comments: To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363 or send an e-mail request to Charles.Mierzwa@RRB.GOV. Appendix F requires a broker-dealer choosing to register, upon Commission approval, as an OTC derivatives dealer to develop and maintain an internal risk management system based on Value-at-Risk ("VaR") models. The Commission will not generally publish or make available to any person notice or reports received pursuant to the Rule.
