[Docket No. USCG-2012-0371]

Drawbridge Operation Regulations; Raritan River, Perth Amboy, NJ

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the regulations governing the operation of the New Jersey Transit Rail Operations (NJTRO) Bridge, across the Raritan River, mile 0.5, at Perth Amboy, New Jersey. Under this temporary deviation the draw may remain in the closed position for four days to facilitate mechanical maintenance. Vessels that can pass under the draw without an opening may do so at all times. This deviation is necessary to facilitate scheduled bridge maintenance.

DATES: This deviation is effective from 9 a.m. on July 11, 2012 through 5 p.m. on July 21, 2012.

ADDRESSES: Documents mentioned in this preamble as being available in the docket are part of docket USCG-2012-0371 and are available online at www.regulations.gov. They are also available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC, 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: The NJTRO Bridge, across the Raritan River, mile 0.5, at Perth Amboy, New Jersey, has a vertical clearance in the closed position of 8 feet at mean high water

and 13 feet at mean low water. The existing regulations are listed at 33 CFR 117.747.

The owner of the bridge, NJTRO, requested a temporary deviation to facilitate scheduled mechanical maintenance at the bridge. In order to perform the bridge maintenance the bridge must remain in the closed position.

The waterway users are mostly commercial with some recreational users. The Coast Guard contacted all known commercial waterway users regarding this scheduled maintenance and no objections were received.

Under this temporary deviation the NJTRO Bridge across the Raritan River, mile 0.5, at Perth Amboy, New Jersey, need not open for the passage of vessel traffic between 9 a.m. on July 11, 2012 through 5 p.m. on July 14, 2012. In the event inclement weather prevents the bridge maintenance from being performed on the above dates then the alternate date may be used beginning at 9 a.m. on July 18, 2012 and continuing through 5 p.m. on July 21, 2012.

Vessels that can pass under the draw without a bridge opening may do so at all times.

In accordance with 33 CFR 117.35(e), the bridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: April 30, 2012.

[Docket No. USCG-2012-0372]

Drawbridge Operation Regulation; Bayou Boeuf, Amelia, LA

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Burlington Northern Santa Fe (BNSF) Railway Company swing span bridge across Bayou Boeuf, mile 10.2, at Amelia, St. Mary Parish, Louisiana. The deviation is necessary to perform scheduled repairs necessitated by a bridge allision. This

deviation allows the bridge to remain in the closed-to-navigation position for sixteen consecutive hours.

DATES: This deviation is effective from 6 a.m. through 10 p.m. on Thursday, May 24, 2012.

ADDRESSES: Documents mentioned in this preamble as being available in the docket are part of docket USCG–2012–0372 and are available online by going to <http://www.regulations.gov>, inserting USCG–2012–0372 in the “Keyword” box and then clicking “Search”. They are also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

David.M.Frank@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION: The BNSF Railway Company has requested a temporary deviation from the operating schedule of the swing span railroad bridge across Bayou Boeuf, mile 10.2, at Amelia, St. Mary Parish, Louisiana. The bridge provides no vertical clearance in the closed-to-navigation position.

In accordance with 33 CFR 117.5, the bridge currently opens on signal for the passage of vessels. This deviation allows the vertical lift span of the bridge to remain in the closed-to-navigation position from 6 a.m. through 10 p.m. on Thursday, May 24, 2012.

The closure is necessary in order to change out a shaft and reducer gear damaged during a bridge allision earlier this year. Notices will be published in the Eighth Coast Guard District Local Notice to Mariners and will be broadcast via the Coast Guard Broadcast Notice to Mariners System.

Navigation at the site of the bridge consists mainly of tows with barges and some recreational pleasure craft. Due to prior experience, as well as coordination with waterway users, it has been determined that this closure will not have a significant effect on these vessels. An alternate route is available by using the GIWW, Morgan City to Port Allen Alternate Route.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This

deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: April 30, 2012.

Bridge Administrator, Eighth Coast Guard District.

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the Elizabeth River in the vicinity of Norfolk, VA to support the Naval Helicopter Association Reunion Helicopter Demonstration. This action is necessary to provide for the safety of life on navigable waters during the Naval Helicopter Association Reunion Helicopter Demonstration. This action is intended to restrict vessel traffic movement on the Elizabeth River to protect mariners from the hazards associated with air show events.

DATES: This rule is effective from 5:30 p.m. until 6:30 p.m. on May 16, 2012.

SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the Coast Guard did not receive the application for this event in sufficient time to allow for publication of an NPRM, and it would be impracticable to publish an NPRM since immediate action is needed to provide for the safety of life and property on navigable waters.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Publishing an NPRM would be impracticable since immediate action is needed to ensure the safety of the event participants, spectator craft, and other vessels transiting the event area.

Background and Purpose

Coast Guard Sector Hampton Roads has been notified that on May 16, 2012, The United States Navy will host an air show event above the Elizabeth River between the Half Moone cruise ship terminal and abeam of the USS Battleship Wisconsin. In recent years, there have been unfortunate instances of aircraft crashes during performances at air shows. Typical of aircraft crashes, there is also a wide area of scattered debris that damages property and could cause significant injury or death. Due to the need to protect mariners and the public transiting the Elizabeth River immediately below the air show from hazards associated with the air show, the Coast Guard believes it is necessary to establish a temporary safety zone bound by the following coordinates: 36°, 50′, 54″ N/076°, 17′, 48″ W; 36°, 50′, 48″ N/076°, 18′, 12″ W; 36°, 50′, 36″ N/076°, 18′, 6″ W; 36°, 50′, 42″ N/076°, 17′, 48″ W (NAD 1983). Access to this area will be temporarily restricted for public safety purposes.
