Notice of Continuing Effect of List of Fisheries

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of list of fisheries for 2000.

SUMMARY: NMFS provides notification that the List of Fisheries (LOF) published on February 24, 1999, remains in effect.

Under the Marine Mammal Protection Act (MMPA), NMFS must place all U.S. commercial fisheries on the LOF, which categorizes those fisheries based upon the level of incidental mortality and serious injury of marine mammals that occurs in that fishery. The categorization of a fishery in the LOF determines whether participants in that fishery are subject to certain provisions of the MMPA, such as registration, observer coverage, and take reduction plan requirements. The intent of this action is to provide notice that the LOF remains in effect.

ADDRESSES: See **SUPPLEMENTARY INFORMATION** for addresses of NMFS

Regional Offices, where fishery participants may obtain information on registering and reporting.

Individuals who use a telecommunications device for the deaf may call the Federal Information Relay Service at 1-800-877-8339 between 8 a.m. and 4 p.m. Eastern time, Monday through Friday, excluding Federal holidays.

SUPPLEMENTARY INFORMATION: Section 118 of the MMPA requires that NMFS place all U.S. commercial fisheries into one of three categories (I, II, III) based on the level of incidental mortality and serious injury of marine mammals that occurs in that fishery. The categorization of a fishery in the LOF determines whether participants in that fishery are subject to certain provisions of the MMPA, such as registration, observer coverage, and take reduction plan requirements. The most recent LOF was published in the **Federal Register** on February 24, 1999 (64 FR 9067).

Participants in a Category I or II Fishery are required to be registered under MMPA section 118. This section requires that such participants provide the name of the vessel owner and operator, the name and description of the vessel, the fisheries in which it will be engaged, the approximate time, duration and location of such fishery operations, and the general type and nature of use of the fishing gear and techniques used.

NMFS generally provides registration and reporting forms to fishery participants for their use. However, the Office of Management and Budget (OMB) approval for NMFS registration and reporting forms expired on December 31, 1999. Accordingly, NMFS may not require that participants in a fishery use its forms to register until OMB approval has been received. NMFS expects to have OMB approval by May 2000 and will publish notice in the **Federal Register** of OMB approval when received. Nonetheless, under section 118 of the MMPA, fishery participants still remain obligated to register and report as required by MMPA section 118. Failure to register or report in accordance with MMPA section 118 is a violation of the MMPA. Some states have integrated the
