SUPPLEMENTARY INFORMATION: The REA
directs the Secretary of the Interior to
publish a 6-month advance notice in the
Federal Register whenever new
recreation fee areas are established. A
RAC must review a new fee prior to a
final decision to implement fee
collection.

The BLM is proposing to establish
recreation fees for standard and

expanded amenities at the Aquila Vista,
Cedar Grove, and Three Bears
Recreation Sites. These sites are located
in the Molalla River-Table Rock Special
Recreation Management Area,
approximately 12 miles southeast of the
city of Molalla, Oregon. The Molalla
River-Table Rock Recreation Area
Management Plan (2011) identified
these recreation sites to be developed in
order to address high levels of
recreational use and minimize impacts
to the riparian area outside of these
recreation sites. The BLM determined
that developing these sites could help
by concentrate visitation and allow for
potential fee revenue to offset
management expenses. The Molalla
River Corridor Business Plan used a
market analysis to determine standard
and expanded amenity fees at these
recreation sites.

The BLM is also proposing to
establish recreation fees for standard
amenities at the Marmot and Sandy
Ridge Recreation Sites. These sites are
included within the larger Sandy River
Basin Integrated Management Plan,
which guides their development. The
market analysis in the Sandy River
Basin Business Plan determined
standard amenity fees at these
recreation sites. The amenities
furnished at both Sandy Ridge and
Marmot Recreation Sites provide
significant opportunities for outdoor
recreation.

The table shows proposed fees and
associated site amenities:

The BLM will publish the business plans online at <https://www.blm.gov/programs/recreation/permits-and-fees/business-plans>. The plans outline the operational goals of the area, the purpose of the fee program, and guide

expenditures. The plans also provide the basis for the fees by outlining a comparative market analysis of public recreation sites.

These recreation sites would become new fee sites with the previously

mentioned fees, pending the review and recommendation for approval by the Northwest Oregon RAC. The BLM would begin charging fees no sooner than 6 months after publishing this notice in the **Federal Register** and after

the close of public comments. Future adjustments in the fee amount would be made in accordance with the plan, including a public comment period, and through consultation with the Northwest Oregon RAC. Fee amounts will be posted onsite and online once established.

The BLM has found that recreation fee proposals are of a procedural nature and do not constitute a major Federal action, and are therefore excluded from environmental review under Section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4332(C), pursuant to 43 CFR 46.210(i). In addition, the fee proposals do not present any of the 12 extraordinary circumstances related to categorical exclusions listed at 43 CFR 46.215.

The BLM Northwest Oregon District welcomes public comment on this proposal. Comments received after the close of the comment period may not be considered or included in the administrative record for the proposed fees. Effective no sooner than 6 months after publication of this notice, and contingent upon final review and recommendation for approval by the Northwest Oregon Resource Advisory Council (RAC), the BLM will initiate fee collection at the above-mentioned recreation sites, unless the BLM publishes a **Federal Register** Notice to the contrary.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
