DEPARTMENT OF ENERGY**Federal Energy Regulatory
Commission****[Docket No. CP02-423-000]****Northwest Pipeline Corporation; Notice
of Application**

August 21, 2002.

Take notice that on August 13, 2002, Northwest Pipeline Corporation (Northwest), 295 Chipeta Way, Salt Lake City, Utah, 84158, filed in [Docket No. CP02-423-000, an application, pursuant to Sections 7(b) and (c) of the Natural Gas Act and Part 157 of the Federal Energy Regulatory Commission's Regulations for permission and approval authorizing Northwest to abandon certain facilities and a certificate of public convenience and necessity to construct and operate certain replacement facilities in LaPlata County, Colorado, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For Assistance, call (202) 502-8222 or for TTY, (202) 208-1659.

Specifically, Northwest proposes to abandon approximately 4.98 miles of 26-inch pipeline and the Durango delivery tap and to replace the abandoned facilities by constructing and operating 6.9 miles of 26-inch pipeline and a new Durango Meter Station. It is stated that the delivery tap being abandoned and the meter station proposed for construction are for deliveries of natural gas to Greeley Gas Company (Greeley). It is explained that the reason for replacing the existing facilities is that the United States Bureau of Reclamation (USBOR) is planning to construct the Ridges Basin Dam and Reservoir (Ridges Basin), part of a major water project designed to provide water for municipal and industrial uses in the Four Corners Region of Colorado and New Mexico. It is asserted that Northwest's existing facilities lie within the boundaries of
