SUPPLEMENTARY INFORMATION:

Background: On September 7, 2011, DOE published its proposal to amend its regulation concerning unclassified assistance to foreign atomic energy activities (76 FR 55278). This regulation provides that persons subject to the jurisdiction of the United States who engage directly or indirectly in the production of special nuclear material outside the United States must be authorized to do so by the Secretary of Energy pursuant to section 57 b.(2) of the Atomic Energy Act of 1954, as amended. The proposed revisions update and clarify several provisions in the current regulation, and identify information that applicants are required to submit in support of applications for an authorization under this Part. The revisions are intended to reduce uncertainties for industry users concerning which foreign nuclear-related activities by U.S. persons are "generally authorized" under the regulation and which activities require a "specific authorization" from the Secretary.

Purpose of the Meeting: To provide an overview of proposed changes and to conduct Q&A session with industry with respect to the proposed rulemaking.

Tentative Agenda: The Webinar will be conducted on November 2, 2011, from 10 am to 11:30 am EST. All prospective registrants will be notified by the agency via e-mail with respect to Webinar logon information. Webinar materials will be transmitted to registrants via e-mail.

Public Participation: To participate in the Webinar, please register by sending an e-mail to NISPublications@battelle.org. Please include in the subject line of the e-mail "DOE Webinar November 2". In the body of the e-mail, please provide the registrant's name, affiliation, e-mail address, mailing address, and telephone number. Please submit your e-mail registration by noon EST on November 1, 2011. Registration will open at 9 a.m. EST on Friday, October 28, 2011. Registration is limited to 125 registrants.

Please note that comments on the proposed rulemaking will not be accepted during the Webinar. Instead, the public has an opportunity to comment formally on the proposed rulemaking as provided in the **Federal Register** on September 7, 2011 (76 FR 55278). By this notice, DOE is extending by 30 days the deadline for comments, with the final deadline for DOE receiving comments now being December 7, 2011. Participation in the Webinar is not a prerequisite for submission of written comments.
