

submission of required fees or amounts due SBA or the federal government; and other risk-related or program integrity concerns. Rapid growth, in particular, is a significant factor that can mask poor portfolio performance in a calculated Risk Rating. Consequently, SBA includes a rapid growth flag in its PARRIS and SMART assessments and in this override list.

(F) Confidential Information

Each SBA Lender must continue to handle its Reports, Risk Ratings and related Confidential Information in accordance with the confidentiality requirements set forth in 13 CFR 120.1060, Confidentiality of Reports, Risk Ratings, and related Confidential Information. Under this regulation, Reports, Risk Ratings, and Confidential Information are privileged, confidential, and the property of SBA. Further, the regulation states that such information may not be relied upon for any purpose other than SBA's lender oversight and SBA's portfolio management purposes. In addition, the SBA Lender is prohibited from disclosing its Report, Risk Rating, and Confidential Information, in full or in part, in any manner, without SBA's prior written permission, and the SBA Lender must not make any representations concerning the information (including Report findings, conclusions, and recommendations), the Risk Rating, or the Confidential Information.

13 CFR 120.1060(a) defines "Report" to mean "the review or examination report and related documents." It also provides that Confidential Information "is defined in the SBA Lender information portal and by notice issued from time to time." The SBA Lender information portal currently defines "Confidential Information" to mean "all lender-related information contained in the Portal including "Lender Results", except for the "Past 12 Month Actual Purchase Rate" and the "Past 12 Month Actual Charge-Off Rate". SBA has expanded the information available to an SBA Lender in the Lender Portal. Therefore, SBA is updating the definition for "Confidential Information" to mean:

"Confidential Information includes all the SBA Lender-related information/data contained in the Lender Portal except the dollar amounts associated with SBA purchase of and charge off of SBA Lender's loans and information already publicly available related to the Lender's capital, non-performing assets, and regulatory actions (e.g., from a bank's public Call Report). Confidential Information also includes any information related to SBA's supervision of the SBA Lender (e.g., review or corrective

action correspondence) and any actions taken by SBA related to enforcement (e.g., informal enforcement actions as defined in SOP 50 53 or by regulation, notices of proposed enforcement action) unless made public by SBA (e.g., in a Cease and Desist Order)."

SBA included the last sentence because it has long treated supervisory and enforcement information as confidential information and this information is generally related to a review or exam and, therefore, covered by the confidentiality provisions in 13 CFR 120.1060 and/or FOIA exemption 8. SBA may disclose Reports, Risk Ratings, and Confidential Information in its discretion; however, such disclosures do not waive SBA Lender's obligation under 13 CFR 120.1060 to maintain the confidentiality of the information.

(G) Conclusion

In conclusion, industry best practices and changes in the SBA portfolio, programs, and available data necessitate that SBA's Risk Rating model be periodically redeveloped. This notice marks the third redevelopment of SBA's Risk Rating model. In addition to this redevelopment, SBA has and will continue to perform annual validation testing on the calculated composite Risk Ratings and will further refine the model as necessary to maintain or improve the predictiveness of its risk scoring.
