Proposed Project: The National Historically Black College and University Substance Use Survey Project—New—The National Historically Black College and University (HBCU) Substance Abuse Consortium, sponsored by the Substance Abuse and Mental Health

Services Administration's Center for Substance Abuse Treatment (CSAT), was organized in an effort to increase awareness of substance abuse related problems on our nation's HBCU campuses. To this end, CSAT and the Consortium's major objectives include: (a) Assess the prevalence of alcohol, tobacco, and other drug use at participating institutions and identify strategies for combating the problem; (b) enhance substance abuse curriculum development that will lead to degrees in substance abuse treatment and prevention; (c) provide resources for the development of substance abuse education awareness programs on campuses, and (d) provide resources for the necessary counseling and referral for students with substance abuse problems.

This survey will be used to assess the extent of substance knowledge, attitudes and behaviors in first semester freshmen at HBCUs across the country. The survey is an anonymous, self-report 65-item questionnaire. The objectives of this project are to assess the attitudes,

knowledge and behaviors of entering freshmen students in a select sample of 40 HBCU's and to determine the extent of problem behavior as it relates to substance abuse on these campuses. This data will give valuable information that will enable CSAT and Consortium schools to meet the above objectives. A follow-up survey activity is planned during the students' junior year which will allow for an examination of the changes in attitudes, behaviors and knowledge as the students matriculate on the campuses. The National HBCU Substance Use Survey project will be able to fill gaps in the literature and contribute incremental knowledge about an important, but understudied population.

The burden estimates are summarized below and include time for distributing the survey questionnaire, giving instructions and collecting the completed questionnaires. This burden will be experienced over a three-year period.

Survey	Number of respondents	Responses per respondent	Average burden per response (Hr.)	Total burden
Freshmen	35,000	1	1	35,000
Juniors	35,000	1	1	29,750
Total	29,750			64,759

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations.

¹ The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in § 207.21 of the Commission's rules, upon notice from the Department of Commerce of affirmative preliminary determinations in the investigations under section 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in these investigations under section 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On May 23, 2001, a petition was filed with the Commission and Commerce by counsel on behalf of Northwestern Steel & Wire Co., Sterling, IL; Nucor Corp., Charlotte, NC; Nucor-Yamato Steel Co., Blytheville, AR; and TXI-Chaparral Steel Co., Midlothian, TX, alleging that an industry in the United States is materially injured and threatened with material injury by reason of LTFV imports of structural steel beams from China, Germany, Italy, Luxembourg, Russia, South Africa, Spain, and Taiwan. Accordingly, effective May 23, 2001, the Commission instituted antidumping duty investigations Nos. 731-TA-935-942 (Preliminary).
