[Docket No. RP98-52-042]

### Williams Gas Pipelines Central, Inc., Notice of Filing

June 7, 2001.

Take notice that on May 31, 2001, Williams Gas Pipelines Central, Inc. (Williams) tendered for filing a proposed refund plan for the distribution of Kansas ad valorem taxes pursuant to the Commission's October 11, 2000, Order Approving Settlement, and the December 13, 2000, Order Granting Clarification. Williams states that since it does not have sufficient information at a working interest owner level to determine the ad valorem taxes and related interest for each applicable year of the refund period (1984 through 1988), it is proposing to calculate the jurisdictional portion of the refunds based on the jurisdictional percentage for the entire period.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.211 and 384.214 of the Commission's Rules of Practices and Procedures. All such motions and comments must be filed on or before June 21, 2001. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may also be viewed on the web at http://www.ferc.fed.us/ online/rims.htm (call 202-208-2222 for assistance). Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper (see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at http://www.ferc.fed.us/efi/ doorbell.htm. Applicant's designated contact person is Gary W. Boyle at 918-573-2359.

[Docket No. RP01-446-000]

# Williston Basin Interstate Pipeline Company; Notice of Tariff Filing

June 7, 2001.

Take notice that on June 4, 2001, Williston Basin Interstate Pipeline Company (Williston Basin), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the revised tariff sheets listed on Appendix A to filing, to become effective July 4, 2001.

Williston Basin states that the revised tariff sheets are being filed to make certain tariff modifications necessary to correct and/or clarify its Tariff as more fully explained in the filing.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at http://www.ferc.fed.us/online/ rims.htm (call 202-208-2222 for assistance). Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(A)(1)(iii) and the instructions on the Commission's web site at http://www.ferc.fed.us/efi/ doorbell.htm.

# Notice of Application Accepted for Filing and Soliciting Comments, Protests, and Motions To Intervene

June 7, 2001.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. *Type of Application:* Preliminary Permit.
  - b. Project No.: 12010-000.
  - c. Date filed: April 26, 2001.
  - d. Applicant: Symbiotics, LLC.
- e. Name and Location of Project: The Crocker Diversion Project would be located on the Merced River in Merced County, California. The project would be located on an existing dam owned by the Merced Irrigation District.
- f. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)–825(r).
- g. Applicant contact: Mr. Brent L. Smith, President, Northwest Power Services, Inc., P.O. Box 535, Rigby, ID 83442 (208) 745–8630, fax (208) 745–7909.
- h. FERC Contact: Tom Papsidero, (202) 219–2715.
- i. Deadline for filing comments, protests, and motions to intervene: 60 days from the issuance date of this notice.

All documents (original and eight copies) should be filed with: David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. Motions to intervene, protests, and comments may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at http://www.ferc.fed.us/efi/doorbell.htm.

Please include the project number (P–12010–000) on any comments or motions filed. The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervener filed comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

j. Description of Project: The proposed project would use the existing Crocker Diversion Reservoir which has a surface area of 56 acres and a storage capacity of 300 acre-feet at 750 feet msl and
