SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-46618; File No. SR-Amex-2002-79]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change and Amendment No. 1 by the American Stock Exchange LLC To Extend a Suspension of Transaction Charges for Certain Exchange Traded Funds

October 8, 2002.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 27, 2002, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. On October 2, 2002, the Amex amended the proposed rule change.³ The Exchange filed the proposal pursuant to Section 19(b)(3)(A) of the Act,⁴ and Rule 19b-4(f)(6) thereunder,⁵ which renders the proposal effective upon filing with the Commission.⁶ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Amex proposes to extend until October 31, 2002, the suspension of Amex transaction charges for the

Lehman 1-3 year Treasury Bond Fund; iShares Lehman 7-10 year Treasury Bond Fund; Lehman 20+ year Treasury Bond Fund; and iShares GS \$ InvesTop Corporate Bond Fund for specialist, Registered Trader, and broker-dealer orders. The text of the proposed rule change is available at the Amex and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for its proposal and discussed any comments it received regarding the proposal. The text of these statements may be examined at the places specified in Item IV below. The Amex has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Amex has suspended transaction charges for transactions in the iShares Lehman 1-3 year Treasury Bond Fund (Symbol: SHY); iShares Lehman 7-10 year Treasury Bond Fund (Symbol: IEF); iShares Lehman 20+ year Treasury Bond Fund (Symbol: TLT); and iShares GS \$ InvesTop Corporate Bond Fund (Symbol: LQD) ("Funds") (collectively, "Securities") for (1) customer orders and (2) until September 30, 2002, specialist, Registered Trader, and broker-dealer orders.⁷ With this proposed rule change, the Amex is extending until October 31, 2002, the suspension of transaction charges for specialist, Registered Trader, and broker-dealer orders. No other changes are proposed with this filing, and this filing has no bearing on the suspension of transaction charges as they pertain to customer orders.

The Exchange believes a suspension of fees for the Securities is appropriate to enhance the competitiveness of executions in the Securities on the Amex. The Exchange will reassess the fee suspension as appropriate, and will file any modification to the fee suspension with the Commission.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b)

of the Act⁸ in general, and furthers the objectives of Section 6(b)(4)⁹ in particular in that it is intended to assure the equitable allocation of reasonable dues, fees, and other charges among the Amex's members and issuers and other persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose a burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- (i) significantly affect the protection of investors or the public interest;
- (ii) impose any significant burden on competition; and
- (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The Amex has requested that the Commission waive the 5-day pre-filing notice requirement and the 30-day operative delay. The Commission believes waiving the 5-day pre-filing notice requirement and the 30-day operative delay is consistent with the protection of investors and the public interest. Waiver of the notice requirement and acceleration of the operative date will permit the Amex to suspend these fees immediately. For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹²

Amendment No. 1 completely replaces and supersedes the original filing. The Commission considers the 60-day abrogation period to have commenced on October 2, 2002, the date the Amex filed Amendment No. 1.

I. Self Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend through October 11, 2002, Commentary .03 to Amex Rule 126 to continue a pilot program for processing electronically transmitted orders for the common stock of business corporations admitted to dealings on the Exchange ("eQPrioritysm"). The text of the proposed rule change is available at the Office of the Secretary of the Exchange and from the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Amex included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Amex has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On September 12, 2000, the Commission approved Amex's eQPriority initiative on a six-month pilot basis.⁴ The pilot program was extended for six-month periods in each of March 2001,⁵ August 2001,⁶ and March 2002.⁷ Amex now seeks to extend the pilot through October 11, 2002.

eQPriority is intended to encourage persons to route marketable electronic orders to the Exchange by assuring them that orders sent to the specialist electronically will be filled either: (i) At the Amex Published Quote ("APQ") up

to the displayed size at the time the order is announced, or (ii) at an improved price.⁸ Amex believes that the program provides orders for stocks sent to the floor electronically with the optimal combination of speed, certainty of execution, and price improvement opportunities. eQPriority applies only to orders for common stock admitted to dealings; it is not available for orders for options, Exchange Traded Funds, or other Amex-listed securities. It also does not apply to openings and reopenings and to block trades executed at a "clean-up" price pursuant to Amex Rule 155.

eQPriority works in the following manner. Once the specialist announces the electronic order, members may not withdraw or modify bids and offers incorporated into the APQ on the opposite side of the market from the incoming order *except* to provide price improvement. When an eQPriority order is executed in part at an improved price, the remainder of the order is executed at the APQ up to the number of shares then available (*i.e.*, the size of the APQ at the time the order was announced, less any shares that provided price improvement). The eQPriority order does not have to match with any other trading interest on the same side of the market. In the event that an eQPriority order is larger than the APQ at the time the order is announced, the order is filled up to the size of the APQ according to the eQPriority procedures, and the unexecuted balance is filled according to the Exchange's customary auction market processes.

The purpose of eQPriority is to provide incoming electronic orders with an execution at the displayed offer (or lower) in the case of an electronic buy order, or at the displayed bid (or higher) in the case of an electronic sell order. eQPriority is not intended to allow an incoming electronic order to obtain priority over orders that already have established priority in the market. Thus, an eQPriority order does not have priority over bids and offers that were announced prior to the time that the eQPriority order is represented. This arises only in situations where the market is quoted at the minimum fractional variation and is best

⁸ Amex records both the time and the quoted market at the time the electronic orders are received by the specialist's limit order book. The Exchange has an exception report that identifies situations where an electronic limit order is executed at a price that is inferior to the quoted market at the time that it is received by the limit order book. Amex has represented that the Exchange's regulatory staff reviews any situation identified by this exception report to determine if the specialist's actions were consistent with the Commission's Firm Quote Rule, 17 CFR 240.11Ac1-1, and the Exchange's eQPriority rule.
