

Minerals Management Service (MMS) has identified the market centers that royalty payors should use to value oil produced from Federal leases.

EFFECTIVE DATE: June 1, 2000.

ADDRESSES: See **FOR FURTHER INFORMATION CONTACT** section below.

FOR FURTHER INFORMATION CONTACT: David Domagala, Royalty Valuation Division, Royalty Management Program, Minerals Management Service, P.O. Box 25165, Mail Stop 3151, Denver, Colorado 80225, telephone number (303) 275-7255 or fax number (303) 275-7227.

SUPPLEMENTARY INFORMATION: MMS published its revised regulations establishing oil value for royalty due on Federal leases in the **Federal Register** on March 15, 2000 (65 FR 14022), effective June 1, 2000. The primary changes in the revised regulations affect Federal lessees who value oil not sold at arm's length. The rule provides that the primary means of valuing crude oil not sold at arm's length is an adjusted spot price, except in the Rocky Mountain Region, where use of an adjusted spot price for valuation purposes is the third valuation benchmark (30 CFR 206.103(b)(4)) (65 FR 14091). The applicable spot price is the one for the oil most closely representing the lease production in terms of physical proximity and quality parameters.

On June 13, 2000, MMS published a list of approved publications from which a lessee may select the appropriate spot price (65 FR 37043). These publications provide spot prices for various types of oils at specific market centers.

Under § 206.113 of the final rule for establishing oil value for royalty due on Federal leases (65 FR 14095), MMS must also identify and publish a list of appropriate market centers using the following factors and conditions:

- (1) Points where MMS-approved publications publish prices useful for index purposes;
- (2) Markets served;
- (3) Input from industry and others knowledgeable in crude oil marketing and transportation;
- (4) Simplification; and
- (5) Other relevant matters.

These market centers and the oil types at each location are listed below:

Market center location	Oil types at that location
Cushing, Oklahoma ..	West Texas Intermediate.
Midland, Texas	West Texas Intermediate.
	West Texas Sour.

Market center location	Oil types at that location
Saint James, Louisiana.	Light Louisiana Sweet. Eugene Island. Bonito Sour.
Empire, Louisiana	Heavy Louisiana Sweet.
Clovelly, Louisiana	Mars Blend.
Houma, Louisiana	Poseidon.
Los Angeles, California.	Alaska North Slope.
San Francisco, California	

MMS will monitor market activity and, if necessary, add to or modify the list of market centers and will publish such modifications in the **Federal Register**.

Dated: June 15, 2000

R. Dale Fazio,

Acting Associate Director for Royalty Management.

DEPARTMENT OF THE INTERIOR

Final General Management Plan/Environmental Impact Statement, Whitman Mission National Historic Site, Washington

AGENCY: National Park Service, Interior.

ACTION: Notice of Availability of Final Environmental Impact Statement (FEIS).

SUMMARY: The National Park Service (NPS) announces the availability of a Final General Management Plan/Environmental Impact Statement (GMP/EIS) for Whitman Mission National Historic Site, Washington. The final GMP/EIS presents the proposed action for management of the historic site for the next 15 years. The proposed action best satisfies the historic site and NPS mission, as well as the site's long-term management objectives.

Approximately 250 copies of the draft GMP/EIS were distributed to the public. Two public workshops on the draft were held in Walla Walla, WA, and Mission, OR. The Environmental Protection Agency's notice of availability published in the **Federal Register** started the review and comment period on September 3, 1999. All comments received at the park by November 26, 1999, were reviewed and considered by the NPS in the preparation of the final GMP/EIS.

This document is in an abbreviated format and contains a series of corrections and revisions describing changes to the text of the draft, copies of substantive comment letters received

from all agencies and organizations, and responses to all substantive comments. Readers may find it convenient to refer to the draft GMP/EIS while reviewing this abbreviated final document.

SUPPLEMENTARY INFORMATION: The no-action period on this final GMP/EIS will expire 30 days after the Environmental Protection Agency has accepted the document and published a notice of availability in the **Federal Register**. Following the no-action period, a record of decision to implement the proposed action will be signed. All who submitted substantive comments on the draft GMP/EIS will receive a copy of the final. In addition, the document has been placed on the NPS website at www.nps.gov/whmi/gmp.htm. Public reading copies of the final GMP/EIS will be available for review at the following locations: Office of Public Affairs, National Park Service, 1849 C St., NW, Washington, DC 20240; Whitman Mission National Historic Site headquarters, 328 Whitman Mission Rd., Walla Walla, WA 99362, and at public libraries in the Walla Walla area.

Dated: June 8, 2000.

William C. Walters,

Deputy Regional Director, Pacific West Region.

National Park Service

Boston Harbor Islands Advisory Council; Notice of Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act (Public Law 92-463) that the Boston Harbor Islands Advisory Council will meet on Wednesday, July 12, 2000. The meeting will convene at 4:00 PM at the New England Aquarium, Central Wharf, Conference Center, Boston, Massachusetts.

The Advisory Council was appointed by the Director of National Park Service pursuant to Public Law 104-333. The 28 members represent business, educational, cultural, and environmental entities; municipalities surrounding Boston Harbor; Boston Harbor advocates; and Native American interests. The purpose of the Council is to advise and make recommendations to the Boston Harbor Islands Partnership with respect to the development and implementation of a management plan and the operation of the Boston Harbor Islands National Recreation Area.

The Agenda for this meeting is as follows:

1. Approval of minutes from March 2, 2000.

2. Discussion on the Advisory Council's recommendation to the Partnership regarding the draft General Management Plan.

The meeting is open to the public. Further information concerning Council meetings may be obtained from the Superintendent, Boston Harbor Islands. Interested persons may make oral/written presentations to the Council or file written statements. Such requests should be made at least seven days prior to the meeting to: Superintendent, Boston Harbor Islands NRA, 408 Atlantic Ave., Boston, MA, 02110, telephone (617) 223-8667.

Dated: June 9, 2000.

George E. Price, Jr.,
Superintendent, Boston Harbor Islands NRA.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Bay-Delta Advisory Council's Delta Drinking Water Council Meeting

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of meeting.

SUMMARY: The Bay-Delta Advisory Council's (BDAC) Delta Drinking Water Council will meet on July 5, 2000 to discuss several issues including the CALFED Drinking Water Improvement Strategy and projects related to the Strategy. This meeting is open to the public. Interested persons may make oral statements to the Delta Drinking Water Council or may file written statements for consideration.

DATES: The Bay-Delta Advisory Council's Delta Drinking Water Council meeting will be held from 12:00 noon to 3:30 p.m. on Wednesday, July 5, 2000.

ADDRESSES: This meeting will be held at the Resources Building, 1416 Ninth Street, Room 1131, Sacramento, CA 95814.

FOR FURTHER INFORMATION CONTACT: Judy Heath, CALFED Bay-Delta Program, at (916) 653-2994. If reasonable accommodation is needed due to a disability, please contact the Equal Employment Opportunity Office at (916) 653-6952 or TDD (916) 653-6934 at least one week prior to the meeting.

SUPPLEMENTARY INFORMATION: The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is critically important part of California's natural environment and economy. In

recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan which addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long-term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA). The BDAC provides advice to CALFED on the program mission, problems to be addressed, and objectives for the Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by CALFED staff. BADAC has established a subcommittee called the Delta Drinking Water Council to advise the CALFED Program and the CALFED Policy Group through BDAC on necessary adaptations to the Program's Drinking Water Quality Improvement Strategy to achieve CALFED's drinking water objectives.

Minutes of the meeting will be maintained by the Program, 1416 Ninth Street, Suite 1155, Sacramento, CA 95814, and will be available for public inspection during regular business hours, Monday through Friday, within 30 days following the meeting.

Dated: June 14, 2000.

Lester A. Snow,
Regional Director, Mid-Pacific Region.
