We may not conduct, or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: This collection of information enables the BLM to process assignments of record title interest and transfers of operating rights in a lease for oil and gas or geothermal resources. Each assignment or transfer is a contract between private parties but, by law, must be approved by the Secretary. The BLM uses information about assignments and transfers to prevent unlawful extraction of mineral resources, to ensure prompt payment of rentals and royalties for the rights obtained under a Federal lease, and to ensure that leases are not encumbered with agreements that cause the minerals to be uneconomical to produce, resulting in lost revenues to the Federal Government. The information also enables the BLM to ensure the assignee or transferee is in compliance with the bonding requirements, when necessary, before approval of the transfer or assignment.

Title of Collection: Oil and Gas, or Geothermal Resources: Transfers and Assignments (43 CFR Subparts 3106, 3135, and 3216).

OMB Control Number: 1004-0034.

Form Number: 3000-003; 3000-003a.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Assignors and assignees of record title interest in a lease for oil and gas or geothermal resources; and transferors and transferees of operating rights (sublease) in a lease for oil and gas or geothermal resources.

Total Estimated Number of Annual Respondents: 17,626.

Total Estimated Number of Annual Responses: 17,626.

Estimated Completion Time per Response: 30 minutes.

Total Estimated Number of Annual Burden Hours: 8,814.

Respondent's Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion.

Total Estimated Annual Nonhour Burden Cost: \$1,674,470.

An agency may not conduct, or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Information Collection Clearance Officer.
