

DEPARTMENT OF LABOR**Employment and Training
Administration****Notice of a Change in Status of an
Extended Benefit (EB) Period for
Alaska**

AGENCY: Employment and Training
Administration, Labor.

ACTION: Notice.

This notice announces a change in benefit period eligibility under the EB Program for Alaska.

The following change has occurred since the publication of the last notice regarding the State's EB status:

- Based on data released by the Bureau of Labor Statistics on October 20, 2017, Alaska's 3-month average seasonally adjusted total unemployment rate was 7.1 percent which exceeds 110 percent of the corresponding rate in the second preceding year. This causes Alaska to be triggered "on" to an EB period beginning November 5, 2017. The State will remain in an EB period for a minimum of 13 weeks.

Information for Claimants

The duration of benefits payable in the EB Program, and the terms and conditions on which they are payable, are governed by the Federal-State Extended Unemployment Compensation Act of 1970, as amended, and the operating instructions issued to the states by the U.S. Department of Labor. In the case of a state beginning an EB period, the State Workforce Agency will furnish a written notice of potential entitlement to each individual who has exhausted all rights to regular benefits and is potentially eligible for EB (20 CFR 615.13 (c) (1)).

Persons who believe they may be entitled to EB, or who wish to inquire about their rights under the program, should contact their State Workforce Agency.

SUPPLEMENTARY INFORMATION:

I. *Background:* The National Guard Youth ChalleNge program has demonstrated positive, sustained impacts on the educational attainment and labor market outcomes of youth who are not in school or the labor force. To build on this success, in early 2015 the Employment and Training Administration (ETA) issued \$12 million in grants for three Youth ChalleNge programs to (1) expand the program's target population to include youth who have been involved with the courts, and (2) add a five-month residential occupational training component, known as Job ChalleNge.

The National Guard Youth ChalleNge Job ChalleNge Evaluation includes an outcome and an implementation study. The evaluation requires collection of three primary types of data: (1) Background and contact information, (2) program implementation details, and (3) follow-up youth outcomes. The Chief Evaluation Office (CEO) has already received OMB approval to collect the first two types of data (control number 1291-0008). The planned outcomes data collection included in this ICR will answer three main research questions: (1) How did youth experience the post-residential phase of the program?, (2) What were the employment, education, and criminal justice outcomes of Job ChalleNge participants?, and (3) What expectations do youth have for the future?

This **Federal Register** Notice provides the opportunity to comment on two proposed data collection instruments for follow-up youth outcomes study:

* *Text survey.* Job ChalleNge participants who are enrolled in the program between approximately July 2017 and July 2018 and give consent to participate in the evaluation (and whose parents/guardians have done so, when necessary) and permission to contact them via text message will be asked to complete a brief survey administered by text messaging on a monthly basis for 8 months, during months 8 through 15 after the youth began Job ChalleNge. The brief survey is designed to provide snapshots of the progression over time that the respondents make in their employment, earnings, and education. For each round of monthly text message data collection, each participant will be asked to answer three to five questions. It is expected to take the participants an
