

statements under "Visual Resource Management," Chapter IV(B)(4), in the 2009 CDNST Comprehensive Plan:

Scenery along the CDNST may be managed using the Scenery Management System (FSM 2382.1; *Landscape Aesthetics: A Handbook for Scenery Management*, Agricultural Handbook 701, 1995, <http://www.fs.fed.us/cdt>). The CDNST is a concern level 1 route, with a scenic integrity objective of high or very high, depending on the trail segment.

4. Recreation Resource Management. The Agency is removing the following statement from pages 51–52 in the 1985 CDNST Comprehensive Plan:

Each agency will manage the CDNST in accordance with the recreation management objectives and prescriptions set forth in their respective land and resource management plans for the specific management area through which the trail passes.

The Agency is adding the following statements under "Recreation Resource Management Along the CDNST," Chapter IV(B)(5), in the 2009 CDNST Comprehensive Plan:

Manage the CDNST to provide high-quality scenic, primitive hiking and pack and saddle stock opportunities. Backpacking, nature walking, day hiking, horseback riding, nature photography, mountain climbing, cross-country skiing, and snowshoeing are compatible with the nature and purposes of the CDNST. Bicycle use may be allowed on the CDNST (16 U.S.C. 1246(c)) if the use is consistent with the applicable land and resource management plan and will not substantially interfere with the nature and purposes of the CDNST.

Use the Recreation Opportunity Spectrum (ROS) in delineating and integrating recreation opportunities in managing the CDNST. Where possible, locate the CDNST in primitive or semi-primitive non-motorized ROS classes, provided that the CDNST may have to traverse intermittently through more developed ROS classes to provide for continuous travel between the Montana-Canada and New-Mexico-Mexico borders.

Locate a CDNST segment on a road only where it is primitive and offers recreational opportunities comparable to those provided by a trail with a Designed Use of Pack and Saddle Stock, provided that the CDNST may have to be located on or across motorized routes because of the inability to locate the trail elsewhere.

5. Motor Vehicle Use (16 U.S.C. 1244(a)(5) and 1246(c); 36 CFR Part 212, Subpart B). The Agency is removing in its entirety the direction on motor vehicle use in Chapter IV(B)(6), pages 55–58, of the 1985 CDNST Comprehensive Plan.

The Agency is adding the following direction under "Motor Vehicle Use on the CDNST," Chapter IV(B)(6), in the 2009 CDNST Comprehensive Plan:

Motor vehicle use by the general public is prohibited on the CDNST, unless that use is

consistent with the applicable land management plan and:

- a. Is necessary to meet emergencies;
- b. Is necessary to enable adjacent landowners or those with valid outstanding rights to have reasonable access to their lands or rights;
- c. Is for the purpose of allowing private landowners who have agreed to include their lands in the CDNST by cooperative agreement to use or cross those lands or adjacent lands from time to time in accordance with Federal regulations;
- d. Is on a motor vehicle route that crosses the CDNST, as long as that use will not substantially interfere with the nature and purposes of the CDNST;
- e. Is designated in accordance with 36 CFR Part 212, Subpart B, on National Forest System lands or is allowed on public lands and:
 - (1) The vehicle class and width were allowed on that segment of the CDNST prior to November 10, 1978, and the use will not substantially interfere with the nature and purposes of the CDNST or
 - (2) That segment of the CDNST was constructed as a road prior to November 10, 1978; or
 - f. In the case of over-snow vehicles, is allowed in accordance with 36 CFR Part 212, Subpart C, on National Forest System lands or is allowed on public lands and the use will not substantially interfere with the nature and purposes of the CDNST.

6. Trail and Facility Standards. The Agency is removing the following statement from page 61 of the 1985 CDNST Comprehensive Plan:

In keeping with the National Scenic Trails concept, the trail should be regarded as a simple facility for the hiker and horseman, and where already existing and appropriate, for trail bikers and recreational four-wheel drive use.

The Agency is adding the following statement under "Trail and Facility Standards," Chapter IV(B)(8), in the 2009 CDNST Comprehensive Plan:

Any development of and associated facilities for the CDNST should be minimal and appropriate for hiker/pedestrian and pack and saddle stock use.

7. Carrying Capacity. The Agency is removing the definition of "carrying capacity" from page E–4 and the following statement from page 69 of the 1985 CDNST Comprehensive Plan:

Forest Service and BLM managers will use the carrying capacity guidelines respectively, developed for each Recreation Opportunity Spectrum class through with the CDNST passes.

The Agency is adding the following statements under "Carrying Capacity," Chapter IV(B)(9), in the 2009 CDNST Comprehensive Plan:

Establish a carrying capacity for the CDNST that accommodates its nature and purposes. The Limits of Acceptable Change or a similar system may be used for this purpose.

8. Inconsistencies. To the extent there is any inconsistency between the foregoing revisions and any other provisions in the 1985 CDNST Comprehensive Plan, the foregoing revisions control.

5. Final Amendments to FSM 2350

The final directives implementing the amendments to the 1985 CDNST Comprehensive Plan as applied to National Forest System lands are posted at <http://www.fs.fed.us/cdt>. The FSM can be found on the Internet at <http://www.fs.fed.us/im/directives/fsm/2300/2350.doc>. The final directives add a reference to the CDNST Comprehensive Plan as an authority in FSM 2353.01d; add administration of the CDNST as a responsibility of forest and grassland supervisors in FSM 2353.04i, para. 13; add the nature and purposes of the CDNST in FSM 2353.42; and add detailed direction in FSM 2353.44b governing implementation of the CDNST on National Forest System lands.

Approved: September 24, 2009.

Hank Kashdan,

Associate Chief, Forest Service.

Natural Resources Conservation Service

Fredonia Flood Retarding Structure Rehabilitation Project, Coconino County, AZ

AGENCY: Natural Resources Conservation Service.

ACTION: Notice of a Finding of No Significant Impact.

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 CFR part 1500); and the Natural Resources Conservation Service (NRCS) Regulations (7 CFR part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Fredonia Flood Retarding Structure (FRS) Rehabilitation Project, Coconino County, Arizona.

FOR FURTHER INFORMATION CONTACT: David L. McKay, State Conservationist, USDA–NRCS, 230 North First Avenue, Suite 509, Phoenix, Arizona 85003, telephone: (602) 280–8801.

SUPPLEMENTARY INFORMATION: The environmental assessment of this

federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. Based on evidence presented, David L. McKay, State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The project proposes to decommission the Fredonia FRS by converting the dam to a levee/floodway and directing flows north to a floodway discharging to Kanab Creek. This will meet the project purpose of providing for continued 100-year flood protection for the Town of Fredonia, Arizona, and surrounding areas.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State, and local agencies and interested parties. Copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Don Paulus, Assistant State Conservationist for Programs, at the above address.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.)

Dated: September 28, 2009.

David L. McKay,

State Conservationist.

DEPARTMENT OF AGRICULTURE

Rural Business—Cooperative Service

Inviting Applications for Value-Added Producer Grants

AGENCY: Rural Business—Cooperative Service, USDA.

ACTION: Notice to correct dates.

SUMMARY: The Rural Business—Cooperative Service (RBS) announces corrections for anticipated award date and eligible grant period dates for the Value-Added Producer Grant.

SUPPLEMENTARY INFORMATION: RBS published a Notice of Funds Availability (NOFA) on September 1, 2009 stating an anticipated award date

of January 7, 2010 for Value-Added Producer Grants. Due to the delay in publication of the NOFA in the **Federal Register**, this award date does not allow sufficient time for scoring and processing applications. Therefore the anticipated award date is May 3, 2010.

In addition, the delay was not reflected in dates for grant period eligibility for which the NOFA incorrectly stated "Projects cannot begin earlier than March 1, 2010 and cannot end later than February 28, 2013. Applications that request funds for a time period beginning prior to March 1, 2010 and/or ending after February 28, 2013 will be considered ineligible, as will applications that exceed a maximum 36 months in length. Applicants may propose a start date falling any time during March 1, 2010 through September 30, 2010."

Therefore, the corrected grant period times are as follows. Projects cannot begin earlier than June 1, 2010 and cannot end later than November 30, 2013. Applications that request funds for a time period beginning prior to June 1, 2010 and/or ending after November 30, 2013 will be considered ineligible, as will applications that exceed a maximum of 36 months in length. Applicants may propose a start date falling any time during June 1, 2010 through November 30, 2010. Finally, the deadline for submission of applications to State Offices for a preliminary review is revised from October 1, 2009 to November 2, 2009.

Dated: September 11, 2009.

Judith A. Canales,

Administrator, Rural Business—Cooperative Service.

BILLING CODE 3410-XY-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).
Title: NOAA Teacher-At-Sea Alumni Survey.

OMB Control Number: None.

Form Number(s): NA.

Type of Request: Regular submission.

Number of Respondents: 54.

Average Hours per Response: 30 minutes.

Burden Hours: 27.

Needs and Uses: Consistent with the support for research and education under the National Marine Sanctuaries Act (16 U.S.C. 32 1440) and other coastal and marine protection legislation, National Oceanic and Atmospheric Administration (NOAA) provides educators an opportunity to gain first-hand experience with field research activities through the Teacher-at-Sea Program. Through this program, educators spend up to 3 weeks at sea on a NOAA research vessel, participating in an on-going research project with NOAA scientists. The Teacher-at-Sea Program would like to survey the teacher participants on their experience before, during, and after they return from sea, in order to collect program evaluation data and improve program operations.

Affected Public: Individuals or households.

Frequency: Semi-annually.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.

Dated: September 29, 2009.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.
