DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency****44 CFR Part 64**

[Docket ID FEMA-2011-0002; Internal Agency Docket No. FEMA-8205]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain

management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date.

DATES: Effective Dates: The effective date of each community's scheduled suspension is the third date (“Susp.”) listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact David Stearrett, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-2953.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage as authorized under the NFIP, 42 U.S.C. 4001 *et seq.*; unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the **Federal Register**.

In addition, FEMA has identified the Special Flood Hazard Areas (SFHAs) in these communities by publishing a Flood Insurance Rate Map (FIRM). The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal

financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may legally be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year, on FEMA's initial flood insurance map of the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment under 5 U.S.C. 553(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters addressed to the Chief Executive Officer stating that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. Since these notifications were made, this final rule may take effect within less than 30 days.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Administrator has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless remedial action takes place.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This rule meets the applicable standards of Executive Order 12988.

Paperwork Reduction Act. This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

Final Paperwork Reduction Act of 1995 Analysis

This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any information collection burden for small business concerns with fewer than 25 employees, pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4).

Synopsis

1. On February 4, 2011, the Commission released *Amendment of Certain of the Commission's Part 1 Rules of Practice and Procedure and Part 0 Rules of Commission Organization*, Report and Order, FCC 11-16, in CG Docket No. 11-44, published at 76 FR 24383, May 2, 2011 (Procedure Order), which revised portions of its Part 1—Practice and Procedures and Part 0—Organizational rules. The amendment of § 0.141 of the Commission's organizational rules delegated authority to the Chief, CGB to conduct periodic review of all open dockets with the objective of terminating those that were inactive. The Commission stated that termination of such proceedings also will include the dismissal as moot of any pending petition, motion, or other request for relief in the terminated proceeding that is procedural in nature or otherwise does not address the merits of the proceeding. On June 3, 2011, CGB released *Termination of Certain Proceedings as Dormant*, Public Notice, DA 11-992, CG Docket No. 11-99, published at 76 FR 35892, June 20, 2011, (*Termination Public Notice*) which identified those dockets that could potentially be terminated and provided interested parties the opportunity to file comments on these

proposed terminations. Based upon CGB's review of the six comments received in response to the *Termination Public Notice*, and for the reasons given below, CGB hereby terminates the proceedings that are listed in the Attachment to DA 11-1833, which were previously listed in DA 11-992. See http://hraunfoss.fcc.gov/edocs_public/attachmatch/DA-11-1833A1.doc.

2. Commenters request that the following seven dockets remain open: RM-9246, RM-9682, RM-10995, RM-5528, RM-10412, RM-9395, and RM-10165. REC Networks asks that CGB maintain *Amendment of the Rules to Establish Event Broadcast Stations*, Media Bureau Petition for Rulemaking, RM-9246 (March 19, 1998); *Request Amendment of the Commission's Rules to Create a New Indoor Sports and Entertainment Radio Service*, Media Bureau Petition for Rulemaking, RM-9682 (July 8, 1999); and *In the Matter of the Commission's Rules to Provide for Displacement Relief for FM Translator Stations*, Media Bureau Petition for Rulemaking, RM-10995 (June 2, 2004) that relate to LPFM and FM translator services. However, on July 12, 2011, the Commission released *Creation of a Low Power Radio Service; Amendment of Service and Eligibility Rules for FM Broadcast Translator Stations*, MM Docket No. 99-25, MB Docket No. 07-172, Third Further Notice of Proposed Rulemaking in two dockets that relate specifically to those services and, given the common subject matter, the materials in each of the proceedings that REC Networks seeks to keep open may be refiled in those two dockets. For this reason, CGB denies REC Networks' request.

3. Donald J. Schellhardt and Nickolaus E. Leggett request that *Request to Consider Requirements for Shielding and By Passing Civilian Communications Systems from Electromagnetic Pulse (EMP) Effects*, Common Carrier Bureau Petition for Rulemaking, RM-5528 (October 22, 1991) remain open. Mr. Leggett also asks that the Commission keep open *Amendment of the Commission's Rules Regarding Field Repair Requirements for Commercially-built Transmitter and Transceiver Equipment for the Amateur Radio Service*, Petition for Rulemaking, RM-10412 (April 11, 2002). However, both of these requests were denied by previous Commission actions and should have already been closed; therefore CGB rejects the requests to keep them open.

4. Mr. Leggett also argues that the Commission should not publish documents without specific comment dates, rather than stating that
