### Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

Notice is hereby given that on September 27, 2010, a Consent Decree in *United States of America, et al. v. Bristol Township*, Civil Action No. 10–5049, was lodged with the United States District Court for the Eastern District of Pennsylvania. The United States and the Commonwealth of Pennsylvania also filed claims pursuant to the Clean Water Act, 33 U.S.C. 1251 *et seq.*, and the Pennsylvania Clean Streams Law, 35 P.S. §§ 691.1 *et seq.* The proposed Consent Decree relates to the operation of the publicly owned treatment works in Bristol Township, and obligates the Township to implement a series of immediate reforms, repairs and upgrades to more accurately assess the function of its collection system. With these tools, the consent decree requires the Township to perform a wide variety of short-, medium, and long-term studies to assess what additional capital improvements will be required. Once these studies are reviewed and approved by EPA and the Pennsylvania Department of Environmental Protection (PADEP), the consent decree requires that the capital improvements be completed in accordance with schedules that it establishes. The consent decree, which resolves the claims brought by the State and Federal plaintiffs, also obligates the Township to pay a civil penalty of \$226,000 and establishes a sliding scale of stipulated penalties in case Bristol does not come into compliance with the conditions of its permit.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments

relating to this proposed Consent Decree.
