

We are asking agencies, Native American tribes, non-governmental organizations, and individuals to help us identify the scope of environmental issues that should be analyzed in the EA, and to provide us with information that may be useful in preparing the EA by submitting written scoping comments.

To help focus comments on the environmental issues, a Scoping Document 1 that outlines subject areas to be addressed in the EA will soon be mailed to those on the mailing list for the project. The Scoping Document 1 will also be available from the address and website listed in item m above. For further information, please contact Brandi Bradford at (202) 219-2789.
