

Abstract: The information collection is required for NARA to meet its obligations under 44 U.S.C. 2112(a)(3) to submit a report to Congress before accepting a new Presidential library facility. The report contains information that can be furnished only by the foundation or other entity responsible for building the facility and establishing the library endowment.

2. Title: Forms Relating to Military Service Records.

OMB Number: 3095–0039.

Agency Form Number: NA Forms 13036, 13042, 13055, and 13075.

Type of Review: Regular.

Affected Public: Veterans, their authorized representatives, state and local governments, and businesses.

Estimated Number of Respondents: 79,800.

Estimated Time per Response: 5 minutes.

Frequency of Response: On occasion (when respondent wishes to request information from a military personnel, military medical, and dependent medical record).

Estimated Total Annual Burden Hours: 6,650 hours.

Abstract: The information collection is prescribed by 36 CFR 1228.162. In accordance with rules issued by the Department of Defense (DoD) and the Department of Transportation (DoT, U.S. Coast Guard), the National Personnel Records Center (NPRC) of the National Archives and Records Administration (NARA) administers military personnel and medical records of veterans after discharge, retirement, and death. In addition, NPRC administers the medical records of dependents of service personnel. When veterans, dependents, and other authorized individuals request information from or copies of documents in military personnel, military medical, and dependent medical records, they must provide on forms or in letters certain information about the veteran and the nature of the request. A major fire at the NPRC on July 12, 1973, destroyed numerous military records. If individuals' requests involve records or information from records that may have been lost in the fire, requesters may be asked to complete NA Form 13075, Questionnaire about Military Service, or NA Form 13055, Request for Information Needed to Reconstruct Medical Data, so that NPRC staff can search alternative sources to reconstruct the requested information. Requesters who ask for medical records of dependents of service personnel and hospitalization records of military personnel are asked to complete NA

Form 13042, Request for Information Needed to Locate Medical Records, so that NPRC staff can locate the desired records. Certain types of information contained in military personnel and medical records are restricted from disclosure unless the veteran provides a more specific release authorization than is normally required. Veterans are asked to complete NA Form 13036, Authorization for Release of Military Medical Patient Records, to authorize release to a third party of a restricted type of information found in the desired record.

3. Title: NARA Visitors Study.

OMB Number: 3095–0067.

Agency Form Number: N/A.

Type of Review: Regular.

Affected Public: Individuals who visit the National Archives Experience in Washington, DC.

Estimated Number of Respondents: 200.

Estimated Time per Response: 12 minutes.

Frequency of Response: On occasion (when an individual visits the National Archives Experience in Washington, DC).

Estimated Total Annual Burden Hours: 40 hours.

Abstract: The general purpose of this voluntary data collection is to benchmark the performance of the NAE in relation to other history museums. Information collected from visitors assesses the overall impact, expectations, presentation, logistics, motivation, demographic profile and learning experience. Once analysis is done, this collected information assists NARA in determining the NAE's success in achieving its goals.
