

collection activities by the State. The Federal government provides 90 percent of the funds for On-Site Consultation services delivered by the States, which result in the information collection. Four requirements apply to employers and specify conditions for receiving the free consultation services.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply—for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting an extension of its current approval of the collection of information requirements for the regulation. The Agency is requesting an adjustment decrease of 497 burden hours (from 215,704 to 215,207 hours). While better burden hour and costs estimates for completing documentation for the "Safety and Health Program Assessment Worksheet for Full Service Safety and Health" increased the burden hours, this was offset by the decrease in the number of On-Site Consultation visits.

In addition, the Agency requests OMB approval to update the Safety and Health Program Assessment Worksheet, OSHA Form 33, to include minor edits.

Type of Review: Extension of a currently approved collection.

Title: On-Site Consultation Programs (29 CFR part 1908).

OMB Control Number: 1218-0110.

Affected Public: Business or other for-profits.

Number of Respondents: 22,752 (52 State Consultation Programs and 22,700 Employers).

Frequency: Initial, annual, quarterly, periodic.

Average Time per Response: Varies.

Estimated Number of Responses: 94,487.

Estimated Total Burden Hours: 215,207.

Estimated Cost (Operation and Maintenance): \$0.
