BILLING CODE 5001-06-M

DEPARTMENT OF DEFENSE**Department of the Army****Intent To Prepare Environmental Impact Statements for Realignment Actions Resulting From the 2005 Base Closure and Realignment Commission's Recommendations**

AGENCY: Department of the Army, DoD.

ACTION: Notice of intent.

SUMMARY: The Defense Base Closure and Realignment (BRAC) Commissions were established by Public Law 101-510, the Defense Base Closure and Realignment Act of 1990 (BRAC Law), to recommend military installations for realignment and closure. The 2005 Commission's recommendations were included in a report which was presented to the President on September 8, 2005. The President approved and forwarded this report to Congress on September 16, 2005. Since a joint resolution to disapprove these recommendations did not occur within the statutorily provided time period, these recommendations have become law and must be implemented in accordance with the requirements of the BRAC Law.

The BRAC Law exempts the decision-making process of the Commission from the provisions of the National Environmental Policy Act of 1969 (NEPA). The Law also relieves the Department of Defense from the NEPA requirement to consider the need for closing, realigning, or transferring functions and from looking at alternative installations to close or realign. Nonetheless, the Department of the Army must still prepare environmental impact analyses during the process of property disposal, and during the process of relocating functions from a military installation being closed or realigned to another military installation after the receiving installation has been selected but before the functions are relocated. These analyses will include consideration of the direct and indirect environmental and socioeconomic effects of these actions and the cumulative impacts of other reasonably foreseeable actions affecting the installations.

The Department of the Army intends to prepare individual Environmental Impact Statements (EIS) pursuant to section 102(2)(C) of NEPA, regulations of the Council on Environmental Quality (40 CFR 1500-1508), and the Army NEPA regulation (32 CFR 651 *et seq.*) for each of the actions listed below.

Opportunities for public participation will be announced in the respective local newspapers. The public will be
