NUCLEAR REGULATORY COMMISSION

Regulatory Guide: Withdrawal

AGENCY: Nuclear Regulatory Commission.

ACTION: Regulatory Guide: Withdrawal.

FOR FURTHER INFORMATION CONTACT: John N. Ridgely, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Telephone: (301) 415-6555 or e-mail JNR@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

The Nuclear Regulatory Commission (NRC) is withdrawing Regulatory Guide (RG) 1.49, "Power Levels of Nuclear Power Plants," which was issued in response to a NRC Commission policy statement dated March 5, 1973. Revision 1 of the RG was issued in December 1973. The RG established the normal operating core thermal power level of 3800 megawatts as the limit for any nuclear power plant until January 1, 1979. This limit was set to encourage greater standardization of nuclear power plants and to stabilize the maximum size of nuclear plants until sufficient experience was gained with the design, construction, and operation of large plants. Since 1979, substantial experience has been gained with large power plants and standardization of plant designs has proceeded by use of the design certification process. The staff has approved plant designs with the core thermal operating power levels in excess of 3800 megawatts and has approved increased core thermal operating power levels for existing operating plants on a case-by-case basis. The staff has determined that RG 1.49 is no longer necessary. Furthermore, it is not referenced by any other documents in association with nuclear plant licensing actions.

II. Further Information

Withdrawal of RG 1.49 does not, in and of itself, alter any prior or existing licensing commitments based on its use. The guidance provided in this RG is no longer applicable. Regulatory guides may be withdrawn when methods and techniques no longer define an acceptable approach to comply with NRC regulations or otherwise do not provide useful information.

Regulatory guides are available for inspection or downloading through the NRC's public Web site in the Regulatory Guides document collection of the NRC's Electronic Reading Room at <http://www.nrc.gov/reading-rm/doc-collections>. Regulatory guides are also available for inspection at the NRC's Public Document Room (PDR), Room O-1F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland. The PDR's mailing address is USNRC PDR, Washington, DC 20555-0001. The PDR staff can be reached by telephone at (301) 415-4737 or (800) 397-4209, by fax at (301) 415-3548, and by e-mail to PDR@nrc.gov.

Regulatory guides are not copyrighted, and NRC approval is not required to reproduce them. (5 U.S.C. 552(a))

Dated at Rockville, Maryland, this 27th day of June 2007.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension: Rule 17a-8; SEC File No. 270-225; OMB Control No. 3235-0235

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 17a-8 (17 CFR 270.17a-8) under the Investment Company Act of 1940 (the "Act") (15 U.S.C. 80a) is entitled

"Mergers of affiliated companies." Rule 17a-8 exempts certain mergers and similar business combinations ("mergers") of affiliated registered investment companies ("funds") from prohibitions under section 17(a) of the Act (15 U.S.C. 80a-17(a)) on purchases and sales between a fund and its affiliates. The rule requires fund directors to consider certain issues and to record their findings in board minutes. The rule requires the directors of any fund merging with an unregistered entity to approve procedures for the valuation of assets received from that entity. These procedures must provide for the preparation of a report by an independent evaluator that sets forth the fair value of each such asset for which market quotations are not readily available. The rule also requires a fund being acquired to obtain approval of the merger transaction by a majority of its outstanding voting securities, except in certain situations, and requires any surviving fund to preserve written records describing the merger and its terms for six years after the merger (the first two in an easily accessible place).

The average annual burden of meeting the requirements of rule 17a-8 is estimated to be 7 hours for each fund. The Commission staff estimates that each year approximately 920 funds rely on the rule. The estimated total average annual burden for all respondents therefore is 6,440 hours.

This estimate represents an increase of 2,240 hours from the prior estimate of 4,200 hours. The increase results from an increase in the estimated number of mergers of affiliated funds and fund portfolios.

The average cost burden of preparing a report by an independent evaluator in a merger with an unregistered entity is estimated to be \$15,000. The average net cost burden of obtaining approval of a merger transaction by a majority of a fund's outstanding voting securities is estimated to be \$75,000. The Commission staff estimates that each year approximately 15 mergers with unregistered entities occur and approximately 22 funds hold shareholder votes that would not otherwise have held a shareholder vote to comply with state law. The total annual cost burden of meeting these requirements is estimated to be \$1,875,000.

The estimates of average burden hours and average cost burdens are made solely for the purposes of the Paperwork Reduction Act, and are not derived from a comprehensive or even a representative survey or study. An agency may not conduct or sponsor, and

a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are requested on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burdens of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to R. Corey Booth, Director/Chief Information Officer, Securities and Exchange Commission, C/O Shirley Martinson, 6432 General Green Way, Alexandria, VA 22312; or send an email to: PRA_Mailbox@sec.gov.

Dated: June 26, 2007.

Florence E. Harmon,
Deputy Secretary.
